be loaded into the FCS so that an operator can select the firing table relevant to the ammunition type when a target is sighted. Once a target is engaged with the laser range finder the computer can use the appropriate firing table to indicate the correct elevation and range for the LWAGL to fire the ammunition to hit the target. The FCS stores up to 10 firing tables for various ammunition natures.

Purpose of the AT&E Phase

3.6. In the AT&E phase Defence requires proof that the selected LWAGL has an FCS that is capable of using a firing table to make the LWAGL accurately fire ammunition at a target. For these purposes ammunition group size (which may indicate quality of the ammunition) is of secondary importance. What is of primary importance is that the LWAGL system as a whole can utilise its FCS to place a group, whether large or small, over a designated target. Commonwealth specification of a particular type of ammunition is avoided to prevent a dispute as to whether it is the ammunition (and associated firing table) causing the inaccuracy rather than the FCS.

3.6 If the LWAGL is a Military-Off The-Shelf (MOTS) solution it would be expected that qualification test reports would already exist to provide objective evidence of the operation of the FCS. However, where the LWAGL comprises components that have not previously been integrated, testing reports are unlikely to exist and so actual testing, including firing of ammunition, would have to occur to supply the necessary proof that the FCS operates in accordance with the requirements and the design is validated. Some design test reports would be expected to be generated and held by the Integrator to allow claims to be made against tender specification requirements in a compliance statement. The purpose of the AT&E phase is for the contractor to prove to Defence that the LWAGL system meets the requirements against which the Contractor has claimed compliance. This is a critical step in obtaining system design acceptance under Army's Technical Regulatory Framework and a contractual obligation for the contractor.

Responsibility for Supplying the Firing Table

3.7 It is Defence's position that although it will have responsibility for obtaining the firing table suited to the ammunition being used once the LWAGL is in service, it was the contractor's responsibility to supply the ammunition and corresponding firing table for the purpose of the AT&E phase. This is because the requirement for the AT&E phase was to demonstrate that the LWAGL met certain requirements but those requirements did not include that the LWAGL had to use a specific type of ammunition. In the competitive trials that were part of the tender evaluation phase Defence decided to fund the ammunition to be used to lower the costs of tendering for the tenderers. However, Defence did not supply the firing table associated with the ammunition for the competitive trials.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

ADS now uses the **Automated Dispatch System (ADS)** for taking your service calls. This system offers the advantages over conventional call handling systems:

* **No Hold Time** – you never have to wait in hold queue on Automated Service Request!
* **Speed and Convenience** – you can place your call at about one minute, 24 hours a day, 7 days a week.
* **Accuracy** – Your Service Technician hears your description of the problem in your voice.
* **Fax-Back Confirmation** – You may request a fax confirmation of your call with a confirmation number.

Of course, you may speak to a Live Dispatcher any time by pressing 0.

Placing a call using our Automated Dispatch System

Have your **Equipment ID Number** ready.

Call our service number at **(555) 555-5555**.

1 – When the Automated System answers **press 1** to leave an Automated Service Request.

2 – You will hear several prompts, asking you to speak clearly such as **Equipment ID**; **Company Name and Address**, **Contact Name and Phone Number**; and a **Detailed Service Message**. Follow the prompts and press **"** after you have completed speaking each item.

3 – Once you have completed your recordings, you have the option to **Review, Append or Save** your message. Press # if you wish to save your message and continue.

4 – You are then prompted to receive a Fax Confirmation. Press **1** for **YES**. Press **2** for **NO**.
* If you choose **YES** – you are prompted for a fax area code **and number**. Use the buttons on your phone to enter your fax number followed by the **"** key.
* The system will speak your fax number back to you and ask for verification.

5 – When you have completed these steps, the system will respond, "**Information accepted**" and return to the Dispatch Service Menu. You may hang up or choose other options if you wish.

Thank you for choosing

For your information —

If you send us a check, it will be converted into an electronic funds transfer (EFT). This means we will copy your check and use the account information to electronically debit your account for the amount of the check. The debit from your account will occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. We will destroy your original check but will keep a copy of it. If an EFT cannot be processed for technical reasons, you authorize us to process the copy in place of your original check. If the EFT cannot be completed because of insufficient funds, we may try to make the transfer one additional time.

Payment Allocation:

When a payment is received, it is applied in the following order: first, to late charges, if any; second, to collection costs, if any; third, to interest; and finally, to principal. If you send in a payment greater than the minimum amount due, the additional amount will be applied to your principal balance after all outstanding interest is paid. Unless you advise otherwise, we will advance your due date one month for every full payment received.

Repayment Plans

You may change your repayment plan. Below is a brief summary of the repayment plans that may be available to you.

- Standard – This plan has set scheduled monthly payments for the life of the loan. Payments are applied to both interest and principal.
- Graduated – This plan sets low monthly payments that gradually increase every two years. Most payments will be paid throughout the life of the loan.
- Income-Sensitive – If you meet the qualification requirements, your monthly payment amount is based on your gross monthly income. This repayment option is only available for Federal Family Education Loan Program borrowers.
- Extended – If you meet the qualification requirements, this plan will allow you to lower your monthly payment amount by extending your term for up to 25 years. Income-Based – Your monthly payment amount is based on a formula that uses your Adjusted Gross Income, total indebtedness, and family size
- Income-Contingent – Your monthly payment is calculated based on your Adjusted Gross Income, your spouse's income (if you are married), family size, and the total amount of your Federal Direct Loans(s). This repayment option is currently available for Direct Loan borrowers.

To learn more about available repayment options, change your repayment plan, submit additional documents or, using deferment and forbearance options, or view alternative payment options, visit us online at www.nelnet.com or contact the U.S. Department of Education at www.studentaid.gov. You may also have the option to consolidate your loan(s).

Interest Calculation:

Interest on our accounts is calculated using the Simple-Interest method. Interest will accrue daily based on your outstanding balance and the number of days between payments.

PLEASE DETACH AND SEND BOTTOM PORTION WITH YOUR PAYMENT

THE MACHINE DOES NOT BEGIN FAX RECEPTION

If you are unable to solve a problem using the solutions in this manual, press the [Power] button and then turn the main power switch to the "⏻" position. Wait at least 10 seconds and then turn the main power switch to the "|" position. After the main power indicator color changes to green, press the [POWER] button.

When the background color of the job status display at the upper right corner of the touch panel is not gray, do not switch off the main power switch or unplug the power plug. This may damage the hard drive or cause the data being stored or received to be lost.

Point to check	Solution
Has the reception mode been set to [Manual Reception]–in the setting mode?	**Set the reception mode to [Auto Reception].** When the reception mode is set to [Manual Reception], the machine will not receive faxes automatically. "Setting mode" → [System Settings] → [Fax Data Receive/Forward] → [Fax Settings] → [Receive Settings]
Is there free memory remaining?	**Increase the amount of free memory.** The amount of free memory can be increased by printing faxes received by confidential reception and other password-protected received data, and by deleting data stored in memory boxes.

How to Use GreenCure®

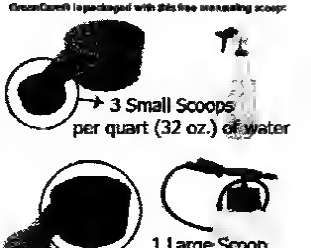
GreenCure® is applied with spray equipment using a sufficient volume of water to ensure complete coverage of all stems and foliage.

Mixing Instructions: Fill the GreenCure® with water before applying. Carefully measure and mix the stated amounts of product and water. Do not use more than the stated amounts.

GreenCure® is packaged in convenient to use, wide-mouth plastic jars. We include a scoop that has both a 1 tablespoon measurement (1 tablespoon is the yellow) and a 1/4 teaspoon measurement (3 1/4 teaspoons is 32 oz. of water). The little scoop is convenient to use because it fits in the opening of a small spray bottle.

One gallon of the solution is sufficient to treat approximately 400 square feet. Apply the solution to all exposed surfaces of the plant. Use a sufficient spray volume to obtain complete coverage of all foliage and stems. Uniform and complete coverage is essential for the most effective results.

GreenCure® is packaged with this free measuring scoop:



Plant Disease Prevention: **GreenCure®** can be used as a good preventative control of powdery mildews by applying 1 tablespoon per gallon of water every 1 to 2 weeks when environmental conditions are ideal for the disease. Prevent mildew infestation by using **theGreenCure®** will help you maintain healthy vibrant plants.

Plant Disease Control: In cases of moderate to severe infection **GreenCure®** can be used to eradicate plant disease by drenching plants completely with a mixture of up to 2 tablespoons of **GreenCure®** per gallon of water weekly for 3 weeks followed by the preventative program. Remember **GreenCure®** kills in old *and new* spores, within seconds of contact by causing an immediate dehydration of the spores and destruction of the cell walls. Many of the deceased spores will slough off or be washed away with the next rain or watering. In most instances, leaves can recover, however as with any wound, scars and discoloration can remain. If you prune infected leaves, stalks or branches, they should be disposed of in the trash, because our spores will not kill the mold spores.

Application Timing: Start application at first sign of disease. For best protection, repeat at one to two week intervals or if conditions are no longer favorable for disease development. Spray more often during rainy weather or during periods of high relative humidity. For sprayer size scraps, GreenCure® may also be applied post-harvest to remaining foliage to decrease accumulating inoculum.

As with any spraying, it is best to avoid spraying GreenCure during the middle of the day when the sun is bright and hot. Then GreenCure early in the morning or late in the afternoon.

Indoor, Greenhouse and Hydroponics: With indoor greenhouse and hydroponic gardening it is important to spray at times when the sun, or not consume through the glass as the magnified sunlight could cause burning on recently sprayed wet leaves. Also, with high intensity artificial lighting it is best to turn lights off after spraying it in order to let GreenCure air dry and to avoid burning from hot, intense lighting.

Please instructions can also be found on the GreenCure® Label (PDF)

SIP Trunking versus traditional phone lines and PRI, the facts

We are compared to traditional PRI. SIP Trunking provides many benefits to businesses. SIP trunks allow a company to replace traditional Fixed PSTN lines with PSTN connectivity via a SIP trunking service over the Internet. SIP trunks can offer significant cost savings for enterprises, eliminating the need for local PSTN gateways, costly multi-digit phone lines or PRIs.

The following table summarizes the main advantages of SIP Trunking over traditional PSTN/E1 circuits

FEATURE	ANALOG/PRI CIRCUIT	SIP TRUNK
Circuits / Hardware	Every time a physical circuit is added, a physical connection and costly terminating hardware is required.	Can support a substantial number of available trunks in a fraction of available bandwidth, not physical terminations, hardware or circuits.
Scale / Growth	Scaling up requires the installation of new circuits and additional termination hardware at specific increments. In the case of PRI this equates to 23 voice channels.	Scales up or down easily and quickly (a software configuration change) and can offer unique size and bit demand based capabilities
Routing / Redundancy	Providing sufficient backup circuits to remote sites in an IP distributed architecture can negatively impact the ROI. The only way to accommodate loss of hardware or facility where PRI's terminate is to build in excess capacity or 'overbuild' the network.	Automatic IP rerouting capabilities allow providing geographic diversity and IP's interoperability with the PSTN to build in network redundancy. Can be designed to minimize interoperability and single layer dependency (i.e. loss of local analog hardware for one site/site cluster location) without the need to build in excess capacity.
Cost	Calls usually per circuit per month If you require only occasional more voice channels than the fixed increment, the cost model for PRI is inefficient.	A variety of pricing models (i.e. usage based) are likely to emerge, including per channel capacity. Relative to PRI circuits and the associated supporting hardware, IP Trunking costs are likely to be significantly lower.
Capacity Planning	Additional capacity must be planned well in advance into considerable lead time for initial orders may be required for 'pre-staging' and installation of new circuits and termination hardware.	While capacity planning is still important, adding additional capacity can be a simple as a software change.

Form W-4 (2011)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2011 expires February 16, 2012. See Pub. 505, Tax Withholding and Estimated Tax.

Note. If another person can claim you as a dependent on his or her tax return, you cannot claim exemption from withholding if your income exceeds $950 and includes more than $300 of unearned income (for example, interest and dividends).

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 further adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earners/multiple jobs situations.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See Pub. 501, Exemptions, Standard Deduction, and Filing Information, for information.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 919, How Do I Adjust My Tax Withholding, for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 919 to find out if you should adjust your withholding on Form W-4 or W-4P.

Two earners or multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See Pub. 919 for details.

Nonresident alien. If you are a nonresident alien, see the Notice 1392 Supplemental Form W-4 Instructions for Nonresident Aliens before completing this form.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the amount you are having withheld compares to your projected total tax for 2011. See Pub. 919 especially if your earnings exceed $130,000 (Single) or $180,000 (Married).

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for **yourself** if no one else can claim you as a dependent	A
	• You are single and have only one job; or	
B	Enter "1" if: • You are married, have only one job, and your spouse does not work; or	B
	• Your wages from a second job or your spouse's wages (or the total of both) are $1,500 or less.	
C	Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D
E	Enter "1" if you will file as head of **household** on your tax return (see conditions under **Head of household** above)	E
F	Enter "1" if you have at **least $1,000** of **child** or **dependent care expenses** for which you plan to claim a credit	F
	(**Note.** Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.)	
G	**Child Tax Credit** (including additional child tax credit). See Pub. 972, Child Tax Credit, for more information.	
	• If your total income will be less than $56,000 ($86,000 if married), enter "2" for each eligible child that you have. Enter "1" if you have three or more eligible children.	
	• If your total income will be between $56,000 and $84,000 ($86,000 and $119,000 if married), enter "1" for each eligible child plus "1" additional if you have six or more eligible children.	G
H	Add lines A through G and enter total. (**Note.** This may be different from the number of exemptions you claim on your tax return.) ▶	H

For accuracy, complete all worksheets that apply.

- If you plan to itemize or claim **adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have more than one job or are married and you and your spouse both work and the combined earnings from all jobs exceed $40,000 ($20,000 if married), see the **Two-Earners/Multiple Jobs Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Cut here and give Form W-4 to your employer. Keep the top part for your records.

Hail Mary

Today begins the 90th Anniversary of the appartition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

About the Celestial Objects

Listed on this page are several of the brighter, most interesting objects in the evening sky this month (refer to the monthly star charts for their categories). These that can be easily seen with binoculars (a telescope to be appreciated. **Note, all of the objects described appear more impressive when viewed through a telescope than binoculars.** They are grouped in this way to highlight objects that can be seen with the optical equipment that may be available to the star gazer.

Tips for Observing the Night Sky

When observing the night sky, and in particular deep-sky objects such as nebulae, and galaxies, it's always best to observe from a dark location away from bright lights and other sources. If possible observe from locations away from the light pollution that surrounds many of today's towns and cities.

You will see more stars after your eyes adapt to the dim light. This usually takes 20 minutes after you go outside. Also, if you need to use a flashlight to read a star map, cover the light bulb with red cellophane. This will preserve your night vision.

Finally, remember though the Moon is one of the most stunning objects to observe through a telescope, its light is so bright that it brightens the background sky and makes the fainter objects very difficult to see. So try to observe the deep-sky objects on moonless nights around either New Moon or Last Quarter.

Astronomical Glossary

Conjunction – An alignment of two celestial bodies such that they appear very close together in the sky.

Angular separation as viewed from Earth

Constellation – A defined area of the sky containing a star pattern.

Diffuse Nebula – A cloud of gas illuminated by nearby stars.

Double Star – Two stars that appear close to each other in the sky because they are in orbit around each other (binary star) or lying along the same line of sight from Earth (a false double). Apparent separation of stars is given in arc minutes or arc seconds.

Ecliptic – The path of the Sun's center on the celestial sphere.

Elongation – The angular separation of two celestial bodies, as seen from Earth. The greatest elongation occurs when they are at their most widely separated positions in the sky as viewed from Earth.

Galaxy – A mass of up to several billion stars held together by gravity.

Globular Star Cluster – A ball-shaped group of several thousand stars.

Light Year (ly) – The distance a beam of light travels at 300,000 km/s in one year.

Magnitude – The brightness of a celestial object as it appears in the sky.

Open Star Cluster – A group of tens or hundreds of relatively young stars.

Opposition – When a celestial body is opposite the Sun in the sky as viewed from Earth.

Planetary Nebula – The remnants of a shell of gas blown off by a dying star.

Universal Time (UT) – A time system used by astronomers. Also known as Greenwich Mean Time. USA Eastern Standard Time (for example, here in Toronto) is UT minus 5 hours.

Variable Star – A star that changes brightness over a period of time.

The Specs Explained

The key DVD recorder specifications refer mostly to which recording options are provided - whether technical options such as disc formats and compression, or functional options such as inputs and programming.

We've divided the specs into three groups: Important, somewhat important, and minor.

Important: Recording Formats

DVD has seven different recordable-disc formats. Pick a recorder based on which formats your current hardware uses and which formats best suit your needs.

DVD-R: Write-once (it can't be erased or rewritten). This is the format most broadly compatible with DVD players; almost all current models and many older ones play it.

DVD-R DL: Write-once dual-layer media can store twice as much video as a single-layer DVD-R disc.

DVD-RW: The rewritable sibling of DVD-R, DVD-RW is reasonably compatible with ordinary DVD players; this format will play in most current models and some older ones.

DVD+R: Write-once (can't be erased or rewritten). This format is similar to DVD-R in compatibility with DVD players; it will play in almost all current models and many older ones.

DVD+R DL: Likewise, this write-once double-layer media format can store twice as much video as a single-layer DVD+R disc.

DVD+RW: The rewritable sibling of DVD+R. It is reasonably compatible with most current DVD players; DVD+RW will play in most current models and some older ones.

DVD-RAM: Rewritable format with excellent random-access capability. This is the best format for on-disc editing. DVD-RAM is compatible only with players designed to support it (i.e., ...

Important: Recording Capabilities

Recorders can increase the amount of video they can fit on a disc by compressing the data more severely. Picture quality drops correspondingly, however, so this specification should not be considered in isolation. If you anticipate needing to record large blocks of programs at high quality, for example, the full multihour evening broadcast of the Winter Olympics or the entirety of the Super Bowl, buy a DVD recorder with a hard drive. Such models allow you to record at the best image quality, and then archive the recording to multiple discs at a later time.

If you want to get 2 hours of maximum-quality video on a single disc, make sure your chosen recorder supports recording to either double-layer or dual-layer DVD media.

Important: Component-Video Output

Component-video output allows the highest picture quality when connected to a display with component video inputs, especially if the recorder and display support progressive scan.

man -w|-W [-C file] [-d] [-D] page ...

man -c [-C file] [-d] [-D] page ...

man [-hV]

DESCRIPTION

man is the system's manual pager. Each page argument given to man is normally the name of a program, utility or function. The manual page associated with each of these arguments is then found and displayed. A section, if provided, will direct man to look only in that section of the manual. The default action is to search in all of the available sections, following a pre-defined order and to show only the first page found, even if page exists in several sections.

The table below shows the section numbers of the manual followed by the types of pages they contain.

1 Executable programs or shell commands
2 System calls (functions provided by the kernel)
3 Library calls (functions within program libraries)
4 Special files (usually found in /dev)
5 File formats and conventions eg /etc/passwd
6 Games
7 Miscellaneous (including macro packages and conventions), e.g. man(7), groff(7)
8 System administration commands (usually only for root)
9 Kernel routines [Non standard]

A manual page consists of several sections.

Conventional section names include NAME, SYNOPSIS, CONFIGURATION, DESCRIPTION, OPTIONS, EXIT STATUS, RETURN VALUE, ERRORS, ENVIRONMENT, FILES, VERSIONS, CONFORMING TO, NOTES, BUGS, EXAMPLES, AUTHORS, and SEE ALSO.

The following conventions apply to the SYNOPSIS section and can be used as a guide in other sections.

bold text	type exactly as shown.
italic text	replace with appropriate argument
[-abc]	any or all arguments within [ ] are optional
-a|-b	options delimited by | cannot be used together

How Can I Test My Fax Machine?

I just picked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Online Fax Service

World's #1 Internet Fax Service! Start Faxing Free in Two Minutes.

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to +1-858-720-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to FaxZero.com — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero.com; this site lets you send faxes for free to a number in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

What if the things you bought every day earned you rewards?

HP Customer Support

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE.

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Palatability through Aromatic Profiling

Cats and dogs with CKD can often have waning and waning appetites. Understanding that pets rely on more than just taste when determining what they will eat, Royal Canin® RENAL SUPPORT diets include several aromatic profiles along with kibble texture, shape and size that can help stimulate decreased appetites. Available in multiple aromatic profiles, in both wet and dry food, the diets can also be easily mixed or rotated for even more feeding options.

Diet Options	Aromatic Variety	Feline Shape/Texture	Canine Shape/Texture
DRY DIETS	A Aromatic	Round	Rectangle
	F Flavorful	Triangle	Round
	S Savory	Square	Crescent
WET DIETS	D [illegible]	[illegible]	Morsels in Gravy
	E Enticing	Pâté	Loaf
	T Tasty	Slices in Gravy	Pâté

Tips for Stimulating a Patient's Appetite

- Feeding a renal diet to a hospitalized patient will likely lead to food aversion. Hospitalized patients, therefore, should be fed their regular diet. Once home, a slow 7 day transition to the renal diet is recommended.
- Ensure adequate daily calorie intake and try feeding smaller amounts more often.
- Palatability of food may be enhanced by moderate warming of wet diets or adding warm water to dry diets.
- Multiple aromatic profiles along with kibble texture, shape and size that can help stimulate decreased appetites.
- Avoid feeding treats, snacks or human foods as many of these products may increase your patient's levels of phosphorus or protein intake and may worsen clinical signs.

Para efectos de esta guía de propietario, el termino "Barbacoa," se refiere a un asador de gas.

Debe leer esta guía del propietario antes de poner a funcionar el asador de gas

⚠ PELIGRO:

Si huele a gas:

1) **Cierre el suministro de gas al artefacto.**
2) **Apague todas las flamas cerrando la válvula general de paso.**
3) **Abra la tapa.**
4) **Llame inmediatamente a la central de fugas o a su proveedor de gas.**
5) **Una fuga de gas puede provocar un incendio o explosión que puede resultar en lesiones corporales serias o la muerte, o daños a la propiedad.**

⚠ ADVERTENCIA:

- **No almacena gasolina u otros fluidos flamables en la cercanía de su aparato.**
- **Ningún cilindro de gas que no esté conectado para su uso deberá almacenarse cerca de éste o cualquier otro artefacto domestico.**

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time

E-Mail ins/-support@interpage.net

Web http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed demo message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at http://www.interpage.net/sub-fax-trial.html, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional assistance.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's website who entered your destination number as a recipient of this test fax. A single destinant may not receive more than two tests in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

For instructions on how to connect to the printer using Wi-Fi Direct, press the Information button* and the Resume button* at the same time.

Additional Assistance

To print the Printer Status Report, press and hold the Cancel button for 3 seconds.

You can use this printer to print documents and photos on your mobile device (such as a smartphone or tablet). For more information, visit the HP Mobile Printing website (www.hp.com/go/mobileprinting).

The printer can automatically detect when one of three sizes of paper have been loaded. Currently these sizes are <Letter> <8x13 in.> and <4x6 in.>. If you want to configure the printer to detect different sizes, use the HP All-in-One Printer Remote app for mobile devices or the printer's home page (embedded web server or EWS).
For more information, see the documentation provided with the printer.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(tm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's outbound on fax service(s).

If you receive the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with the actual fax transmission or result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(tm) Service, including the fax/voicemail/e-mail service with no-per or per minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 8AM to 5:30 PM M-F PacificTime

E-Mail: ins-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Note: [illegible] you receive two faxes, each one will be long, or you receive several one-line messages only the above blue stamp will be transmitted. You may enable a trial service at no purpose or fill out the [illegible] at http://www.interpage.net/cgi-bin/fax-trial.html, entering your information and clicking [illegible] to the address and [illegible] telephone number. Please call (510) 315-2750 for assistance.

Modern hard drives support numerous power management features, the most common ones are summarized in the following table. See `hdparm(8)` for the complete list.

Warning: Too aggressive power management can reduce the lifespan of your hard drive due to frequent parking and spindowns.

Parameter	Description
`-B`	Set the Advanced Power Management feature. Possible values are between 1 and 255: low values mean more aggressive power management and higher values mean better performance. Values from 1 to 127 permit spin-down, whereas values from 128 to 254 do not. A value of 255 completely disables the feature.
`-S`	Set the standby (spindown) timeout for the drive. The timeout specifies how long to wait in idle (with no disk activity) before turning off the motor to save power. The value of 0 disables spindown; the values from 1 to 240 specify multiples of 5 seconds and values from 241 to 251 specify multiples of 30 minutes.
`-M`	Set the Automatic Acoustic Management feature. Most modern hard disk drives have the ability to speed down the head movements to reduce their noise output. The possible value depends on the disk; some disks may not support this feature.

To query current value, pass the parameter without a value. For example:

```
# hdparm -B /dev/sda
```

To apply different value, for example set APM to 127:

```
# hdparm -B 127 /dev/sda
```

Persistent configuration using udev rule

To make the setting persistent, adapt the following udev rule for your values:

```
/etc/udev/rules.d/50-hdparm.rules

ACTION=="add", SUBSYSTEM=="block", KERNEL=="sda", RUN+="/usr/bin/hdparm -B 254 -S 0 /dev/sda"
```

If you have more than one hard drive you could make the rule more flexible. For example, to apply power-saving settings for all external drives (assuming there is only one internal drive, `/dev/sda`):

```
/etc/udev/rules.d/50-hdparm.rules

ACTION=="add", KERNEL=="sd[a-z]", ATTR{queue/rotational}=="1", RUN+="/usr/bin/hdparm -B 127 -S 12 /dev/%k"
```

To test the send functionality of your fax machine, send a one page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it, **just to make sure it works**. **How can I do that?***

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

I connected the Vonage modem directly to the Comcast modem this a.m., and none of the faxes would send today — the two 815- numbers and the 301- number (the latter of which finally went through once yesterday). The HP fax-test went through, and the return fax came through.

Attention: Lani

Thank you so much for calling I hope the information I provided you, was helpful.

I would appreciate any help I could get from you, in collecting the balance on Cedar Ridge Apartments account.

Please call if you have any questions, regarding the balance. It looks like, somehow the invoices and the payments got off track, with the correct amounts You should be able to see this on the statement Regardless, the balance is $808.00 and the sooner I can get that, the sooner I can close my book from last season.

Amy

Tips for Preventing Check Fraud

No service or feature can entirely eliminate check fraud. However, measures can be taken to greatly reduce the risk of check tampering or duplication. Following are suggestions for preventing check fraud.

1. Avoid leaving large blank spaces in the convenience dollar amount or legal dollar amount lines on the checks you write. Additionally, avoid leaving large blank spaces on the "Pay to the Order of" line.
2. Immediately report to your bank if checks payable to you are stolen.
3. Protect your account records and any documents containing personal identification information.
4. Close unnecessary accounts and destroy any checks for closed accounts.
5. Inform your bank about the status of your accounts.
6. Store your unused checks in a secure area.
7. Security features contained in this laser check stock deter counterfeiters and forgers.

MammaPrint® Result

Low Risk

[illegible] output of the MammaPrint 70 gene expression profile. The MammaPrint [illegible] is calculated from a [illegible] [illegible] [illegible] [illegible] [illegible] average [illegible] [illegible] [illegible] without any systemic adjuvant treatment.

Additional Comments:

Assay Description

[illegible] MammaPrint with fresh tissue for patients of all ages with invasive breast cancer [illegible] MammaPrint has acquired an additional clearance [illegible] fresh and formalin fixed paraffin embedded (FFPE) tissue [illegible] breast cancer patients. [illegible] An unbiased, supervised analysis of the entire human genome [illegible] 25,000 genes [illegible] the 70 [illegible] genes that distinguish patients on High Risk vs. Low Risk of metastasis. Therefore, the MammaPrint result provides [illegible] statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 98% for fresh and 97.3% for FFPE, and the repeatability of the measurement is 99% for fresh and 97.8% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area where the [illegible] is between [illegible] and +0.0[illegible], the classification accuracy is less than 92%.

TEST FAX FROM CISCO

In the late '70s, T.30 was created to make fax machines something they had never been before, interoperable. But many of their manufacturers wanted to go outside of T.30 and continue to use some of their non-standard tricks and abilities. The integrated circuit had begun to make good on its promise to produce a bounty of affordable consumer electronics. That meant that fax machines could go from being private, proprietary and extremely expensive to commodities... if only those makers could get over the temptation to make their units different in a way no one else would work with. Clearly a compromise was called for.

The T.30 facsimile protocol was written with many of its tolerances specified loosely enough to accommodate most of the odd stretch and compression of analog and signal content that had plagued fax interoperability since the inception of its market. In numerous places, it was carefully written to be as generally accepting as was possible and still support the desire for inter-operation that caused it to be created in the first place. What it couldn't do was accept all manner of odd page image resolutions, strange encoding and outright changes to the signal flow between terminals. Those manufacturers who really wanted to use their deeply proprietary techniques for such things needed to have an out from T.30 once the fax call had begun and the originating device knew for sure that the answering device was one of its own. The solution that brought them aboard the T.30 bandwagon was just that, a back door.

NSF stands for Non-Standard Facilities. The name actually says it all. NSF is the out door for a fax call that was started using the compatibility conferred by the T.30 protocol. It permits both terminals to go into a completely proprietary mode wherein they can use any page transmission techniques they can mutually agree upon. When two fax machines enter phase B of their call negotiations, they exchange their capabilities via the T.30 specified DIS and DCS messages. DIS from the answering unit conveys its T.30 compliant features via a string of data bits to the originating device which compares those features to its own list and generates a best union of abilities between the two. If, for example, the answerer can support only the V.27 ter and V.29 modulations but the originator can use V.27, V.29 and the more advanced V.17, the originator's DCS message will constrain the modulation to V.29 to accommodate the answerer's lesser modulation capability. However, the answerer may include the optional NSF frame (or frames) along with its DIS opening up other possibilities.

The NSF frame contains code bits very similar to those in DIS except that they specify features that lie outside of T.30 and, necessarily, outside of the recognition of any fax machine other than one from the same manufacturer as the answering device. Most fax terminals emit NSF frames along with their DIS frames during the reception of a fax call. Where the process gets interesting is when the originating device recognizes both the origin of the answerer's NSF and its contents as being consistent with its own NSF feature set. Now the originator can respond with an NSS (Non-Standard Services) that takes the place of the DCS and sets up a fax exchange that may have little or nothing to do with the T.30 protocol. Once an answerer's NSF and an originator's

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax™ Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file;
many other file types are supported

If you have any questions regarding Interpage's OutFaxes Service, including the FaxUnlimited™ service with no per-use or per minute charges, please feel free to contact us at:

Phone +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail ind-support@interpage.net

Thank you for your interest!

Notes 1 Due to the misuse of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may enquire a trial account for evaluative purposes by filling out the enclosed form on page 2, and clearly indicating a valid e-mail and an and contact telephone number. Please call (510) 315-2750 for additional details.

2 This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two faxes in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Other Interpage Free service lines:

Does your voicemail call you?

Interpage VoiceAlert will alert you before and after a caller leaves a message, send a WAV audio file of the text message to your phone or e-mail, and even call you and play the received message at one or more telephone numbers!

ARIZONA DEPARTMENT OF ECONOMIC SECURITY

Unemployment Insurance Administration (Administración de Seguro por Desempleo)

Instructions para llenar su reclamo semanal para beneficios de UI

Usted tiene que presentar su reclamo semanal cada semana. Una demora de una semana hasta que presente su reclamo semanal, hasta los reclamos semanales que usted no para la semana de calendario que comienza el 12:01 a.m. el domingo y termina a las 12:00 a.m. del próximo sábado, se considerará tardío. Los reclamos semanales no pueden ser presentados hasta después que la semana de calendario haya terminado.

A continuación hay una lista explicativa para cada de las preguntas que se le requieren contestar cada semana.

1. **¿Quiere usted seguir disponible para trabajar en el mercado regular?**
   Cómo se responde – Usted debe estar buscando activamente trabajo y debe estar listo y preparado a aceptar un trabajo.
   Disponible para trabajar – Usted está disponible si se trabaja, puede trabajar los horas y días normales para su ocupación, está incapacitado para llenar el trabajo, está dispuesto a trabajar en cualquier turno, en cualquier día de la semana, en cualquier lugar que esté disponible y dispuesto para aceptar trabajo si tiene completa una cita laborales cuando se le ofrecen.

2. **¿Usted buscó trabajo?** *(Usted TIENE que proporcionar en búsqueda de trabajo)*
   Método trabajo activamente. Usted debe de hacer un esfuerzo de buena activa para buscar empleo compatible con usted habilidades, experiencia, educación y una ubicación. Usted debe que buscar trabajo de una manera responsable y razonable. Usted debe buscar trabajo de la semana y hacer que comunicarse con al menos tres empleadores durante el curso de la semana. Presentar solicitudes para no necesariamente suficiente. Usted debe buscar trabajo en el mismo mes razonable, cual puede incluir visitas personales en la administración de solicitudes y currículos. El tipos exactos efectuar evidencias necesarias y verificará la búsqueda de trabajo. El usted puede la búsqueda de trabajo en línea, recuerde que en elección de de conversaciones por medio del correo electrónico y/o una conversación electrónica como parte de su reporte de búsqueda de trabajo.

3. **¿Rechazo alguna oferta o recomendación de empleo?**
   Rechazar una oferta o recomendación de empleo – usted rechaza trabajo que se le ofrezca o no se presenta, pues un empleador que usted de la oficina de Servicios Oficina, podría.

4. **¿Trabajó o gana algún dinero?**
   El departamento se necesita con frecuencia que la información de contratación reportada con los archivos del empleador. E se divulgue las ingresos puede resultar en en empezar una y paga de restitución. *(En caso ALTERNATIVO usted tiene que considerar de y de)*

   4a. **¿Cuáles fueron sus ganancias brutas antes de deducciones?**
   Devolución de empleo y auditó – Si usted devuelve cualquier trabajo o gana algún dinero, esto ocurrirá no declarado en su reclamo semanal. *Usted tiene que divulgar las ingresos brutas antes de deducciones.* Las ganancias deben ser declaradas durante la semana en cual el trabajaron el empleado han ganado en en la cual pagada.
   Al momento de divulgar sus ganancias, usted tiene que incluir propinas, comisión, bonificaciones, o algún otro tipo de pago por servicios. Pago por prima para el trabajo o tiempo de premio debe de ser declarado aunque no se haya adquirido. Empleo parcial o temporal. Ganara a personal al trabajo empleados o autoempleo también necesita ser el volumen. La venta de artículos de una personal no se considera como vender o pago por servicios.

   4b. **¿Aún trabaja?**
   NO Falta de trabajo o una reducción en en tiempo laboral – escasez del trabajo, no hubo más trabajo disponible
   Renuncia. Dejo el empleo voluntariamente
   Despedido, dado de baja o despedido por conducta indebida
   Conflicto laboral – un conflicto o cesación de al cual resulta en una huelga o un cierre en el lugar de empleo. El Departamento notificará más cuando se cierre un laboral.

5. **¿Regresó a trabajar de tiempo completo, la cual le impide tener libre reclamos personales adicionales por el semanal?**
   Si usted no sólo sigue que ha regresado a trabajar puede resultar en un en suspensión/negación para de continuación.

Regresó a trabajar de tiempo completo
Si usted trabajo y gana cualquier en exceso a la cantidad de sus beneficios semanal y en fecha que presentas un reclamo semanal.
Sí – sin caer un empleo y demás reempleo en el trabajo, de reclamos semanales.

6. **¿Usted rechaza trabajar un reclamo semanal porque no cumplí o con los requisitos de búsqueda de ó ahora conferencia a su oficina?**
   Si usted no quiere trabajo a no comunicarse en personas reempleos, usted esta discriminación y hasta que ó una empleo y gane estos veces lo de la cantidad de su beneficio semanal. Usted debe la opción de declarar y presentar su reclamo semanal. Si no reclamo un reclamo, usted no recibirá beneficios por la semana.

   6a. **¿Rechaza recibir un reclamo semanal de papel por correo para la siguiente fecha en que reclame la semana de beneficios?**
   Si usted elige declarar a reclamar su reclamo, también tiene que enviar por correo las certificaciones semanal de papel por correo para la siguiente semana. El reclamo se reclamo por o. Si no puede dar servicios de una fecha los pagos de beneficios más tarde debido a que se eligió usar el correo de entrega por correo comercial.

Welcome to the 1Password extension!

Since you're reading this, you have successfully installed the 1Password extension. Nice work! Here's a quick introduction to the basics of using it.

Overview

Getting started with 1Password is easy! You can:

- Press the 1Password key in your browser's toolbar and enter your Master Password to check things out.
- If you already have Logins saved for some sites, you can visit the site and click the 1Password key button to use one of your Logins or press **Command-\ to log in** a little faster.
- To work even faster, click the 1Password key button and start typing to find one of your existing Logins, then hit Return to open its site in a new tab and automatically login!

But if you're brand new to 1Password, here's a brief walk-through to get you going!

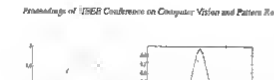

Figure 3 Computation of the curvature of $\sqrt{3}\cos(t) \quad -\pi/2 \leq t \leq \pi/2$ Left. The sample points and their tangent planes. R ght: The computed curvature at the sample points, and the true curvature of the function. The value of the integral approximation is 55.8765 degrees (converted from radians).

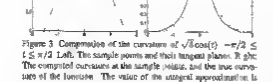

Figure 4 Same as above but with a denser sampling. The value of the integral approximation is 89.9600 degrees (converted from radians).

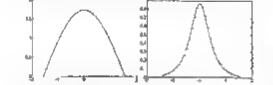

Figure 5 Same as above but with an even denser sampling. The value of the integral approximation is 90.0961 degrees (converted from radians).

2.2. Smoothness of a set of Points

In previous sections we showed that we can accurately measure the smoothness of a curve by evaluating (12) when the points and their normals are known. In practice the normals n_p are not known but will be computed by optimizing the tangent lines. However equation (16) shows that if the sampling rate is small enough then optimizing over n_p will yield the correct solution. This can be seen by noting that if we minimize (16) with respect to n_p then the dominant term $n_p^T m(z_1)(z_2 \quad z_1)$ (assuming sufficiently high sampling rate) can shes if n_p is perpendicular to the tangent $\alpha(z_1$ Hence n_p will approach the true normal when the sampling distance approaches zero. Therefore we take

$$\min_{\{(n_p, \quad n_p=1} \sum_{i=1}^{n} \sum_{j \in \mathcal{N}(i)} \frac{|p_j - p_i'|}{|p_i - p_j|} \qquad (17)$$

as our measure of smoothness of a set of points. Here $\mathcal{N}(i)$ represents some predefined neighborhood of the point x_i In equation (13) the neighborhood of i is $i + 1$ however for

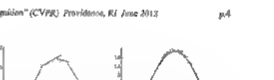

Figure 6. Estimated tangent planes for exactly measured data points at two different sampling rates. Left The energy of the solution is 2.0281 (which corresponds to 115.8978 degrees). Right: The energy of the solution is 2.0064 (which corresponds to 119.5419 degrees)

general point clouds the connectivity of the points is not known and therefore the neighborhood will in practice consist of nearby located points (see section 2.3). Note that since we are assuming that the points p_i are fixed the above minimization problem is separable and each normal could be optimized by itself However in general we will also assume that the points are noisy in which case p_i will also depend on the normal.

Figure 6 shows the solutions obtained when optimizing (17) for two different sampling rates How we are using both forward and backward distances, and therefore (17) should evaluate to approximately 180 degrees (when converted from radians). Even at the crude sampling rate of Figure 6, the sum in (17) is close to the true value.

2.3. Energy

Next we consider the full problem of regularizing 2D-point clouds. We consider p_i to be noisy measurements of the true points p_i We will minimize the p_i and the curve implicitly represented by a tangent lines $l_i = (a_{ij}, \quad \phi_i)$ by minimizing the pairwise energy

$$\min_{\{l_i\}} \sum_{i} \sum_{j \in \mathcal{N}(i)} w_{ij} E_p(l_i \; l_j) + \mu \sum_{i} E_d(l_i) \qquad (18)$$

Here the summation is taken over the set of tangent lines.

The data term E_d measures the quality of the estimation of p_i As mentioned before this term is application dependent, and should be chosen depending on what type of noise we may expect. In the 2D case we will use

$$E_d(l_i) = (n_{p_i} p_i + \phi_{p_i})^2 \qquad (19)$$

which is the squared distance between the measured 2D point and its orthogonal projection on the tangent line. It is straight forward to use other data terms that would prefer certain directions and positions For example in the 3D-case a data term based on photoconsistency could be used However in this work we are mainly interested in 3D point clouds and we do not assume that any other knowledge than the point measurements them selves are available.

Our Father, which art in heaven,
hallowed be thy name;
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Información adicional para tramitar su citatorio

Como consecuencia de recortes presupuestarios, hay largas filas para entrar a los diferentes tribunales que pueden tener hasta tres horas. **Le recomendamos que tramite su multa en nuestro sitio web (www.LASuperiorCourt.org) o que llame al sistema de teléfono automatizado en donde puede tramitar su multa.** Puede pagar la multa, inscribirse en clases de educación vial si califica, solicitar una prórroga (más de su fecha de vencimiento o del pago de la multa, fijar una fecha para comparecer en el juzgado o cambiar la asignación de su boleta

Preguntas comunes Citatorios de tráfico

- **¿LA FECHA QUE APARECE EN LA BOLETA ES LA DE COMPARECENCIA EN EL JUZGADO?** La fecha de comparecencia que anote el oficial en su boleta no es la de comparecencia ante el juzgado. Sólo es la primera fecha fecha que usted tiene para tomar alguna medida. Es su fecha límite de comparecencia.

- **¿CUÁLES SON MIS OPCIONES?** En la fecha de comparecencia, o antes de la misma, usted tiene que realizar una de las/las/siones
  - Pagar la multa (así se la llaguda) o bien
  - Pagar la multa con la cuota administrativa de las boleta de educación vial (y boleta a las tienes el recibo), o bien
  - Solicitar una fecha para lectura de cargos en el juzgado ante un funcionario judicial, o bien
  - Pagar la multa y boleta un juez en la cual el oficial comparece ante un funcionario judicial o bien,
  - Solicitar una extensión de 60 días a partir de la fecha de comparecencia que aparece en la boleta (al mismo) Sólo puede solicitarla una vez.

  Se puede hacer los pagos en el sitio web o en el sistema de teléfono automatizado utilizando una tarjeta VISA o MasterCard.

- **¿PUEDO IR A CLASES DE EDUCACIÓN VIAL?** Usted puede asistir a clases de educación vial de ocho horas de duración en ciertos casos de violaciones de tránsito siempre y cuando (mas no las haya tomado por un citatorio que haya recibido en un plazo de dieciocho (18) meses antes de su citatorio actual (que se cuenta como el periodo entre las fechas de las violaciones de tránsito). Las personas que tengan licencias de conducir comerciales no califican para asistir a clases de educación vial.

- **¿CÓMO PUEDO PELEAR MI MULTA?** Usted debe pagar la llamar total no piranea en la secretaría o por correo anotando las palabras "*not guilty*" (no culpable) en el cheque o giro postal para obtener una fecha para tener un juicio. También puede fijar una fecha de comparecencia en el juzgado para declararse no culpable. La razón para pagar la fianza por adelantado es con el fin de asegurarse de que usted comparecerá. Si no se presenta, perderá su fianza y no podrá un lado de culpabilidad en su expediente de conducir.

- **¡ESTE NO ERA MI AUTOMÓVIL O YA NO TENGO EL VEHÍCULO/LA BICICLETA!** Usted es responsable de tramitar la fecha aunque el vehículo no haya sido suyo o ya no sea el propietario del vehículo

- **¡ESTA MULTA NO ES MÍA!** Usted puede solicitar una fecha para comparecer en el juzgado y explicarle eso a un funcionario judicial.

- **¿POR QUÉ ES TAN ALTO EL PRECIO DE LA MULTA?** La multa base para cada violación de tránsito fluctúa entre $20 y $100; sin embargo, el Estado de California impone multas e impuestos adicionales que pueden incrementar el total de la multa a más de 4 o 7 veces la tarifa base

- **¿QUÉ ES UNA VIOLACIÓN QUE SE PUEDE CORREGIR Y QUÉ PUEDO HACER AL RESPECTO?** Si el oficial determina que se puede corregir la violación en la indicará en el citatorio. Si puede presentar un comprobante de que ha hecho la corrección, usted pagará un cargo pequeño por el trámite y se le desestimará su caso. Si no puede presentar el comprobante, tendrá que pagar la cantidad completa.

- **¿QUÉ PASA SI NO ME PRESENTO EN MI FECHA DE COMPARECENCIA?** Si no se presenta en la fecha de vencimiento (la fecha de comparecencia) que aparece en la boleta, no le agregará un nuevo cargo, pero usted deberá más dinero y su ausencia tendrá un impacto negativo en su expediente de conducir

- **FUERA DEL ESTADO O DEL PAÍS:** Los conductores y peatones deben tramitar sus multas aunque no vivan en el Estado de California. Se pueden pagar las multas en Internet usando una tarjeta de crédito. Si vive en otro país y opta por pagar con un cheque o giro postal, debe hacerlo en dólares americanos

- **¿QUÉ PUEDO HACER SI ME DAN UN CITATORIO POR CONDUCIR SIN LICENCIA O CON UNA LICENCIA SUSPENDIDA, PERO TENÍA UNA LICENCIA VALIDA DE CALIFORNIA EN ESE MOMENTO?** Usted debe presentar un comprobante del DMV de que su licencia estaba vigente en el momento de la violación de tránsito. Preséntelo si corresponde y si debe comparecer ante el juzgado, llévelo el día de su comparecencia judicial.

- **IMPORTANTE. Debido a recortes presupuestarios, el tribunal ya no puede proporcionar el servicio de operadores por teléfono para ayudar con las multas de tránsito. Sírvase utilizar los sistemas automatizados para tramitar Usted mismo su multa, usar el servicio de correo de los Estados Unidos o comparecer en el juzgado adonde se le haya citado y que está indicado anteriormente de su boleto.**

- **NO ENVÍE correspondencia si información de cambio de domicilio al Apartado Postal que aparece en su talón de pago. Todo el correo que se reciba en esa dirección no procesa mecánicamente y es poco probable que se encuentre su correspondencia.**

Khalid Sheikh Mohammed and other '9/11 plotters' in court

Khalid Sheikh Mohammed and four others accused of p etting the 9/11 attacks have appeared before a US mi ilary tribunal at Guantanamo to be charged

The hearing had an uncertain start with suspects refusing to answer questions Breaking the r silence one demanded to speak now saying Americans might kil him during the trial

An earlier attempt to try the five in a civilian court was halted in 2009

Newly introduced rules include a ban on evidence obtained under torture

But defence lawyers still say the Guantanamo trial system lacks legitimacy because of restricted access to their clients.

The defendants are accused of plann ng and executing the attacks of 11 September 2001 which saw hijacked planes strike New York, Washington and Shanksville Pennsylvania and left a total of 2 976 people dead.

They face charges including terrorism, hijacking conspiracy and murder

A small number of victims' relatives are attending Saturday's hearing at the military complex

Outburst

Self proclaimed 9/11 "mastermind" Khalid Sheikh Mohammed is being tried with four others Waleed bin Attash, Ramzi Binalshibh, Ali Abd el-Aziz Ali and Mustafa Ahmed al Hawsawi

Proceedings were delayed as one of the defendants, Waleed bin Attash appeared in court while restrained in his chair The restraints were later removed after defence counsel had given assurances that he would "behave"

Another defendant, Ramzi Binalsh bh knelt and prayed for several minutes

Mohammed wearing a white turban and a flowing beard refused to answer the judge's questions His lawyer said he believed Mohammed was not respond ng because he believes the tribunal is unfair

The hearing was further delayed when all the defendants refused to wear the earphones that provide translation into Arabic.

It later resumed with an Arabic translator present in court ensuring that the accused could follow proceed ngs

Ramzi Binalshibh eventua ly attempted to address the court. When told by the judge he could speak later he replied Maybe you re not going to see us any more Maybe they will kil me and say I committed suicide."

The five are expected to be asked to enter a plea for the first time The charges can carry the death penalty

The decision to hold a military rather than a civilian trial remains controversial and follows a lengthy legal wrangle over where the

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

To help prevent problems, we recommend testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Make sure that your phone line does not have Caller ID blocking by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free fax number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent your fax machine from successfully receiving a fax, such as voice mail, call waiting, or call privacy features.

NOTE: If you are trying to troubleshoot a fax issue, it is good practice to run the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will help you to further troubleshoot. To see if one is available, and what it means on different products, consult the product *Users Guide* for specific steps.

1. Send a one page black and white fax from the HP fax machine to 1-888-hpfaxtest (1-888-473-2938).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you with the following confirmation that we received your fax. This verifies that you can both send and receive faxes with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax header on the machine does not match the number of the actual device connected to the fax. Also, ensure that the fax number contains the full 11 digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

SPATCHCOCK ROAST CHICKEN WITH GRAPES

PREP 20 MIN | TOTAL 1 HOUR 40 MIN

- 2 whole chickens, each about 1 kg
- 2 tbsp butter at room temperature
- ½ tsp salt
- 6 fresh sage leaves
- 2 heads garlic
- 1 kg red seedless grapes

POSITION racks in centre and lower third of oven. Preheat to 375°F. Have a large roasting pan and a rimmed baking sheet lined with parchment ready. Wash chickens and pat very dry with paper towels. Place one, breast side down, on a cutting board. Using sharp kitchen shears, cut along both sides of the backbone from end to end and remove. Flip chicken breast side up and open like a book. Press firmly on the breastbone with your palm to flatten. Repeat with other chicken.

RUB 1 tbsp butter with salt and freshly ground pepper in a small bowl. Loosen skin of each chicken at neck cavity end with a finger. Spread ½ tsp butter mixture under the skin, reaching as far as possible. Gently push 2 or 3 sage leaves under skin on each side of breast keeping leaves flat. Rub skin all over with remaining butter mixture.

ARRANGE chickens side by side on roasting pan. Slice heads of garlic in half horizontally. Place between chickens. Using a potato masher, gently mash half of grapes just until the skins burst, and scatter around chickens. Divide remaining grapes into 8 clusters and lay on prepared baking sheet.

ROAST chickens in centre of oven until an instant-read thermometer inserted into the thickest part of the chicken reaches 165°F about 1 hour. Roast grape clusters in lower third of oven for 30 min. Transfer to a cooling rack. Transfer chickens to a cutting board. Cover with foil to keep warm. Remove garlic from pan. Pour mashed grapes and pan juices into a medium saucepan. Squeeze in garlic. Mash grapes and garlic into sauce. Bring to a boil, then reduce heat to medium. Gently boil, stirring frequently, until sauce is slightly reduced, 5 to 10 min. Skim excess fat from sauce. Cut chicken into 8 portions and serve with grape clusters and sauce.

SMASHED HERBED POTATOES

PREP 10 min | TOTAL 40 min

- 2 kg large Yukon Gold potatoes, unpeeled
- ½ cup extra virgin olive oil
- 2 tbsp grainy Dijon mustard*
- ½ tsp salt
- ¼ cup chopped fresh flat-leaf parsley

CHLAPTER potatoes, then cover with cold water in a pasta pot. Bring to a boil, then reduce heat to medium low. Simmer, covered until fork tender about 25 min.

WHISK oil with Dijon and salt in a large bowl.

DRAIN potatoes and cool slightly. Break up into smaller chunks with a wooden spoon and stir into oil mixture along with parsley. Serve warm.

BATTERY REPLACEMENT
REMPLACEMENT DES PILES

CAUTION! Use branded batteries only. Do not mix old and new batteries, or different brands of batteries. CR123A and 3V lithium batteries (Other should not be used - these products CR123A are not interchangeable in size and can cause damage. Dispose of batteries properly. Do not dismantle batteries.

ATTENTION! Utilisez que des piles de marque. Ne pas mélanger des piles neuves avec des piles usagées ou mélanger différentes marques. Les piles au lithium CR123A échangeables en Chine ne doivent pas être utilisées avec ce lampe. Les piles rechargeables CR123A ne sont pas recommandées. De plus ces piles ne sont pas interchangeables. Ne pas mettre les piles au feu.

With each use, check the batteries to be certain the negative (flat) battery end is in your flashlight. Select appropriate batteries for your battery requirements. Do not let batteries get wet or allow them to become damaged or dirty.

Vérifiez à chaque fois que les piles sont correctement installées dans votre lampe. Choisissez les piles appropriées pour vos besoins. Ne pas laisser les piles se mouiller ou se salir.

FLASHLIGHTS *LAMPES DE POCHE*

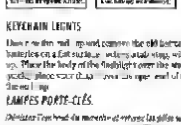
Unscrew the bezel cap and remove the old protective insert/cover before attempting to flash/use! Hold the flashlight in your left hand with the bezel facing away from you. Insert the batteries, positive (+) end first. Replace the bezel cap and tighten securely.

Dévissez le capuchon avant de vous en servir la première fois! Enlevez le film protecteur. Tenez la lampe de votre main gauche, l'extrémité pâle tournée dans la direction opposée à vous. Insérez les piles, bout positif (+) en premier. Remettez le capuchon et serrez.

HEADLAMPS, LANTERNS, CAP LIGHTS, PRO HUNTER FLASHLIGHT
LAMPES FRONTALES, LANTERNES, LAMPES POUR CASQUETTES, LAMPE PRO HUNTER

Open the battery compartment, and remove the old batteries. Insert new batteries following the diagram on the inside of the battery compartment. Close the battery compartment securely.

Ouvrez le compartiment des piles et enlevez les piles usagées. Insérez les piles en vous référant au diagramme à l'intérieur du compartiment des piles. Ne pas trop serrer en remettant le volet des piles en place.



KEYCHAIN LIGHTS

Unscrew the end cap and remove the old batteries. Insert the new batteries on a flat surface - negative end (-) first, with the positive (+) end up. Place the body of the flashlight over the stack of batteries, and gently, place your thumb over the upper end of the flashlight. Replace the end cap.

LAMPES PORTE-CLÉS.

Dévissez l'un bout du manche et enlevez les piles usagées. Remplacez-les avec de nouvelles piles, côté négatif (-) contre le ressort. Placez les piles sur une surface plane, côté + dessus. Placez le corps de la lampe par dessus les piles et glissez l'autre bout sur le corps. Remettez l'embout.

BULB REPLACEMENT
REMPLACEMENT DE L'AMPOULE

The bulb may be replaced should it burn out. Unscrew the bezel cap and remove the bulb. Replace with a new bulb.

LED bulbs are not replaceable. They are rated for 50,000 to 100,000 hours, and should not wear out in normal use.

Remplacez l'ampoule si elle est grillée. Dévissez le capuchon et remplacez l'ampoule. Les ampoules DEL ne se remplacent pas. Leur durée moyenne est de 50 000 à 100 000 heures et ne devrait pas s'user normalement.

XENON FLASHLIGHTS:
LAMPES AU XENON.

Remove the lens cap to remove the bulb. Carefully remove the bulb from the socket and replace with a new bulb.

Retirez le capuchon de l'ampoule pour avoir accès à l'ampoule. Retirez avec précaution l'ampoule de la douille et remplacez-la par une ampoule neuve.

COMBINATION XENON / RED FLASHLIGHTS:
LAMPES COMBINÉES XENON + DEL.

The combination bulb is a Keeptight bulb. The bulb can be removed for cleaning and replacement. The LED burn time may not be

L'ampoule combinée est une Xenon. Les ampoules sont retirées de réflecteur pour le nettoyage et le remplacement. Le temps d'allumage

Test the small white bulb by turning on the switch. If the bulb will not light, check the batteries for proper polarity. If new batteries will not light the bulb, the bulb may be burned out.

Vérifiez la petite ampoule avec l'interrupteur de contrôle. Si elle ne s'allume pas, vérifiez la polarité des piles. Si elle ne s'allume pas avec des piles neuves, l'ampoule est peut-être grillée.

NOTE: When the batteries get low, the Xenon bulb will stop flashing before the LED. (If this occurs, you may replace the batteries.) The LED should NOT change in brightness before this. If the Xenon bulb will not flash after the batteries are replaced, replace it.

NOTE: Lorsque les piles commencent à faiblir, l'ampoule au Xénon cesse d'clignoter avant la DEL. (Le cas échéant, vous pouvez remplacer les piles.) La DEL ne devrait pas faiblir avant cela. Si l'ampoule au Xénon ne clignote pas après le remplacement des piles, remplacez-la.

MAINTENANCE *ENTRETIEN*

Keep the light dry. Remove the batteries when storing for a long period of time. Periodically wipe the unit with a soft cloth. Do not use harsh cleaning solvents, which may damage the plastic lens, etc.

Conservez la lampe au sec. Retirez les piles lorsque vous ne vous en servez pas pour une longue période. Nettoyez de temps en temps avec un chiffon doux. Ne pas employer de solvants pour le nettoyage de la lampe.

Snail-Mail Privacy

9 | Shred These 5 Document Types
Do you really need to destroy every piece of paper that has your name and address on it? Probably not, but shred a lot, says Kelley Long, a CPA and certified financial planner at Financial Finesse, a company hired by HR departments to coach employees on personal financial issues. In particular Long recommends destroying any health-related documents. "Medical identity theft is a growing threat," she says. Your Long-approved list of paperwork to shred includes any documents containing the following:

- SOCIAL SECURITY NUMBER (even just the last four digits)
- 6 BIRTH DATE
- CREDIT CARD NUMBERS
- ACCOUNT NUMBERS FROM FINANCIAL INSTITUTIONS
- MEDICAL INSURANCE NUMBERS

10 | Shut Off the Flow of Credit Card Offers
These unsolicited mailings can be intercepted and filled out by identity thieves who have credit cards sent to their own addresses, then start piling up debt in your good name. You can put a stop to most of these offers by going to optoutprescreen.com or calling 888 567-8688. The service, run by the Consumer Credit Reporting Industry, will turn off the spigot permanently or for five years. You can always opt back in.

11 | Receive Less Mail
When you give a company your name and address, chances are good that the information will be added to direct-marketing lists and used by other companies to send you solicitations. Go to dmachoice.org to remove your info from many mailing lists if you don't want the offers.

12 | Return to Sender
Life as a direct-marketing target: You go to the mailbox, filter out the offers you don't want, put them in the recycling bin—and repeat. But if an unwanted envelope is printed with the phrase "Address Correction Requested" or "Return Postage Guaranteed," you have an alternative. You can write "Refused/Return to Sender" and mail it back—its postage required. You'll keep your recycling bin events while making the marketing company pay the return-trip postage. It's a win-win, but still a win.

13 | Turn on Automatic Updates

Keeping your software up-to-date is the most critical step you can take to boost security, according to professionals surveyed last year by Google. "Software updates are like oil changes," says Mark Surman, executive director of the Mozilla Foundation. "They can be a hassle in the moment but a lifesaver in hindsight." Hackers are always exploiting more vulnerabilities while security pros play nonstop malware whack-a-mole. If you've got old software, you're missing the latest protections. "Most modern software will update itself if you let it," Surman says. Make sure you have auto-updates turned on across the board.

14
Make Sure There's Info-Security Staff

"It's hard to judge how well companies guard your data, but here are two small tests for how seriously they take security I like doing these before giving up personal data to a company or setting up its devices on my network. First, does the company have separate contact information for reporting security issues? You don't want that kind of problem to languish in a general customer service box. As either test, I check out the company on LinkedIn. Is there someone with "security" in their title at the company? I wouldn't entrust my security to any company that doesn't have a software engineer dealing with those issues full time.

The Messenger

A FOLLOWER OF CHRIST

Editor's Note: In presenting the material below after recently preaching on it, I am reminded of Peter's words: "I will not be negligent to put you always in remembrance of these things, though ye know them, and be established in the present truth" (2 Peter 1:12).

God is Lord

by Clifton Angel

Paul said, "He is Lord of heaven and earth" (Acts 17:24). How often do we meditate on the fact that God is Lord? What does it mean that He is Lord? It means that He is **above**, He has **authority**, and to Him, all are **accountable**. Each of these can be seen in relation to heaven and earth.

God is above heaven. Yes, even the angels. They are created beings (Nehemiah 9:6). They worship God because He is above (Nehemiah 9:6; Psalm 148:1-5; Colossians 1:16-17; Isaiah 6:1-3). God is above the earth (Genesis 1:1; Isaiah 40:21-22; Deuteronomy 10:17). He is above every king of the earth. "O give thanks to the Lord of lords" (Psalm 136:3).

God has authority in heaven. "Bless the LORD, ye his angels, that excel in strength, that do his commandments, hearkening unto the voice of his word. Bless ye the LORD, all ye his hosts, ye ministers of his, that do his pleasure" (Psalm 103:20-21; see also 1 Peter 3:22). God has authority on earth. In fact, after His resurrection Jesus said "All authority is given unto me in heaven and in earth" (Matthew 28:18). He has made known what he authorizes through His Word (John 12:48; 2 Timothy 3:16-17).

To God, all are accountable. In fact, even Satan is accountable to God (Job 1:6; Job 2:1). Heaven is accountable to God, and all on earth are accountable to God. To God, all are accountable. In fact, even Satan is accountable to God (Job 1:6; Job 2:1). Heaven is accountable to God, and all on earth are accountable to God.

This then is the message which we have heard of him, and declare unto you. (1 John 1:5)

Lab Activity #18A

MICROSCOPIC ANATOMY of NEURAL TISSUE & NEUROMUSCULAR JUNCTION

Directions: Given the two slides listed below, learn to recognize neural tissue and the various cell types found in it. Be able to identify the cell types and structures listed for each. Page numbers are provided for both the Martini text (7th ed.) and the Van De Graaff lab atlas (7th ed.)

1. **neural tissue** (*plant a whip tissue*) **F17L-3617** **Fig. 13.5 in Martini**
Fig. 3.39 in Van De Graaff

neuron *(a neuron is called a "nerve cell")*
neuron cell body
nerve fiber *(axon/dendrites or neuron; you do not need to differentiate them)*
neuroglia *(you do not need to differentiate the 6 different types of glial cells)*

2. **neuromuscular synapse / junction** (motor nerve ending) **F19L-3687** **Fig. 9.2 in Martini**
Fig. 3.46 in Van De Graaff

striated muscle fiber
motor neuron
telodendrium *(the terminal branches of the axon leading to one synaptic terminal bouton)*
Note that telodendrium is a rough, collected "axon" in Fig. 9.2 in Martini
synaptic bouton (to muscle) *(expanded end of telodendrium that connects to a muscle fiber)*
skeletal muscle fiber

MammaPrint Result

Low Risk

CORRECTED REPORT

[redacted] copy of the MammaPrint 70-gene expression profile. The MammaPrint result is calculated from a numerical index based on [redacted] Breast cancers with indices [redacted] are considered Low Risk, while breast cancers with indices [redacted] are considered High Risk. For [redacted] patient, the [redacted] was determined to be [redacted]. Overall distant metastasis-free survival (DMFS) rate [redacted] for [redacted] who received no systemic adjuvant treatment, while High Risk individuals [redacted] have DMFS rates of [redacted] without any systemic adjuvant treatment.

Assay Description

[redacted] has provided RNA/DNA from [redacted] of MammaPrint with fresh tissue for patients of all ages, with invasive breast cancer whose tumor is [redacted] sized or greater [redacted] is used at estrogen receptor status (ER+/-). Outside the U.S. MammaPrint has acquired an investment clearance in compliance with [redacted] MammaPrint has [redacted] is used on fresh and formalin-fixed paraffin-embedded (FFPE) breast cancer tissue for patients with up to 3 involved lymph nodes. MammaPrint has been [redacted] 644 breast cancer patients. The test is performed using a microarray-based gene expression profile that was independently validated on 3 [redacted] patient cohort. An unbiased, supervised analysis of the entire human genome – 25,000 genes, followed by a robust-and-cost [redacted] procedure, revealed the 70 critical genes that distinguish patients as High Risk vs. Low Risk of metastasis. Thereby, the MammaPrint result provides independently validated, statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 98% for fresh and 97.3% for FFPE, and the reproducibility of the assay is equal to 100% for fresh and 97.6% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area around the classification cut-off between +0.038 and +0.074, the classification accuracy is less than 95%.

Corporations can make the election at the beginning of its existence or at the beginning of a new tax year

More Benefits to Business Owners: No Self-Employment Tax!

The big benefit of S Corporation taxation is that S corporation shareholders do not have to pay self-employment tax on their share of the business's profits. But they will be taxed on the salary they pay themselves. This is the catch. Before there can be any profits, each owner who also works as an employee must be paid a "reasonable" amount of compensation (e.g., salary) that is subject to Social Security and Medicare taxes to be paid half by the employee and half by the corporation. As such, the savings from paying no self-employment tax on the profits only kick in once the S Corporation is earning enough that there are still profits to be paid out after paying the mandatory [illegible]

AARP LEVEL BENEFIT TERM LIFE INSURANCE
from New York Life Insurance Company

IMPORTANT FEATURES OF THIS COVERAGE

NO MEDICAL EXAM

Acceptance is based on your answers to three health questions and other information you provide or give us permission to obtain. No doctors' visits are needed. If you answer "yes" to any of the questions, you are not automatically disqualified for this insurance. AARP members ages 50–74 and their spouses ages 45–74 are eligible to apply and most who apply are accepted. To apply, just complete and return the short Enrollment Form.

NO WAITING PERIOD

Full benefits are payable from the first day your coverage takes effect.

PROTECTION TO AGE 80

You can keep this group coverage until you reach age 80, as long as you pay your premiums when due and your Enrollment Form contains no material misrepresentations about your medical history.

BENEFITS WON'T DECREASE

Your benefits are guaranteed not to decrease until insurance ends, regardless of changes in your age or health.

Premiums are arranged in five-year age bands and will increase as you enter each new band. See the enclosed rate chart for complete details.

GUARANTEED EXCHANGE PRIVILEGE

You can exchange this protection for permanent coverage — without a medical exam — any time until insurance ends at age 80. Rates will be based on your age at that time.

AN EXCLUSION

If death results from suicide in the first two years, benefits will not be paid.*

LIVING BENEFIT

If you're diagnosed with a terminal illness and given a life expectancy of 12 months or less, you can access half your benefit amount and use the money for whatever you need.**

NURSING HOME WAIVER OF PREMIUM

Premiums for this coverage will be waived after 180 consecutive days of a nursing home stay ordered by your doctor. Coverage will continue without interruption, but no premium payments will be required for the rest of your stay.†

Buy with confidence — it's risk free!

Once you're approved, we'll send a Certificate of Insurance for you to review. If for any reason you decide to cancel, simply return your Certificate within 30 days and receive a full refund of any premiums paid.

* Missouri and North Dakota residents: The suicide exclusion applies only for one year.

** Please note that receipt of "living benefit" (accelerated death benefit) insurance proceeds may affect your eligibility for public assistance programs. Proceeds may be taxable. You may wish to consult your financial advisor and/or attorney to determine how this may affect your personal situation. Premiums will be lower when the benefit amount decreases by one-half.

† The nursing home must be primarily engaged in providing skilled nursing care under the supervision of a licensed physician. Nursing home does not include a home or facility used primarily for rest; for the care of drug addicts or alcoholics; for the care and treatment of mental diseases or disorders; or for custodial care. Premiums will be waived until age 80 if you are in a nursing home. At that time, you can exchange your coverage for permanent life insurance.

BROWNIES

1 stick butter or margarine (½ cup)	1 cup flour
2 ½ squares unsweet chocolate	¼ teaspoon salt
4 eggs	1 teaspoon vanilla
2 cup sugar	1 cup chopped nuts

Melt 1 stick butter and 2 ½ squares unsweet chocolate slowly over low heat.
Beat 4 eggs, then add 2 cup sugar. Mix together, then add melted butter and chocolate
Stir in 1 cup flour, ¼ teaspoon salt, 1 teaspoon vanilla and (if desired) 1 cup chopped nuts. Gently mix until smooth.
Pour into 9"x13" greased and floured cake pan
Bake at 350° for about 30 minutes. Test for doneness by gently sticking a toothpick into the brownies and withdrawing. If batter sticks to the toothpick, cook another 5 minutes and test again. When toothpick comes out clean, brownies are done

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come
thy will be done
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

CONSENT FOR USE OF ELECTRONIC SIGNATURES AND RECORDS
For Borrowers and Property Sellers, as applicable.

Navy Federal Credit Union (henceforth known as "Lender") is providing the borrower(s) (hereinafter, "you") in this transaction and is required by law to provide you with certain disclosures, notices and information for your loan transaction ("Required Information"). With your consent, the Lender can deliver the Required Information to you electronically, and allow you to sign the documents electronically. Electronic signed documents are referred to as "Electronic Records."

You should print or download the Required Information and keep it for your records. Your consent also permits the general use of electronic records and electronic signatures in connection with the execution of the loan documents, and other documents related to the loan transaction such as those closing the closing agent has generated.

Below, Lender contains important information that you are entitled to receive before you consent to delivering to you any electronic record or any of the loan documents. Please read this notice carefully and print or download a copy for your files.

You have the option to sign one or more of the loan documents electronically, using a designated electronic button to indicate your signature. Clicking the "Sign" button will attach your electronic signature to the document when you electronically record. If you electronically sign a loan document, your electronic signature is just as legally valid and enforceable as if you had signed the document on paper with a traditional signature.

Loan Documents

You are entitled to receive the Required Information on paper, but your Lenders also offer you the option to receive the Required Information electronically, by using an electronic or computer delivery, using a combination of paper documents and handwritten signatures.

If you consent to the electronic delivery and electronic signature of the Required Information, you may withdraw this consent at any time.

In order to have the option to sign the Required Information electronically, you must indicate your consent by clicking on the button "I Accept" at the bottom of the screen. A decision to end the transaction shall constitute to have the option to immediately sign the loan documents. Certain loan documents require that, if one document signed, signs the document must provide all parties must sign the document electronically. Therefore, if one or more of the parties does not wish to sign any or more loan documents electronically, your Lender must print out the loan documents and have all of the parties sign them on paper using conventional signatures.

WARNING! ENTERING THE PUN ZONE!

Two rookie policemen were patrolling the small town s business d strict They stopped at the local naffee shop for dessert. Soon they got a call on their police radi "33 in progress, man in bank dressed as a banana "

There was only one bank in town just across from the coffee shop. And it 33 is an armed robbery The men decided it was the dispatcher playing e joke on them so they continued enjoying their break.

Then they got a second call on their radio, "Repeat, Urgent, 33 in progress man in bank dressed as a banana" Realizing it was not a joke they rushed across the street, but alas they arrived just seconds after the banana split.

A Navy officer was cutting through the crew s quarters of his ship one day and happened upon a sailor read ng a magazine with his feet up on the small table m front of him

"Sailor! Do you put your feet up on the furniture at home?" the officer demanded

"No, sir but we alen t land airplanes on the roof either "

An American attorney had just finished a guest lecture at a law school in Italy when an Italian lawyer approached him and asked, "Is it true that a person can fall down on e sidewalk in your county and then sue the landowners for lots of money?"

Told that it was true the lawyer turned to his partner and started speaking rapidly in Italian When they stopped the American attorney asked if they wanted to go to America to practice law

"No no," one replied "We want to go to America and fall down on sidewalks.

My 14-year-old daughter Maggie and her best friend, Joanne are fans of 60's music They recently got front row tickets to attend a Peter-Paul and Mary concert m our town.

When they returned home from the concert that night, I wanted to hear all the details of the concert. My daughter says "Mom during the show we looked back and saw hundreds of little lights swaying to the music. At first we thought people were holding up their smart phones. Then we realized that the lights were the reflections off all the eyeglasses in the audience!"

TODAY IN TRIVIA. How did Miles win Henry's bells? St. Miles Partridge once played dice with Henry VIII for the bells of St. Paul's church He won and collected the bells.

"Where was the first nuclear power plant in the U.S? In December of 1957 -- Shippingport, Pennsylvania became the site of the first full-scale nuclear power plant in the U S. The plant was able to generate 60 megawatts of electricity after reaching full power 21 days after going on-line.

"How long did 19th century Londoners live? The average life span of London residents in the middle of the 19th century was 27 years For members of the work ng class, that number dropped to 22 years.

QUIP OF THE DAY. When everything's coming your way you're in the wrong line.
THAT'S (ALMOST) ALL FOLKS!
Thought for the day Whether you think you can or think you cant, you are right. Henry Ford

Windows® Fax and Scan

Your place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the Help button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the Help button on the toolbar.

Stereo Microphone

History

Stereo was first demonstrated at the Paris Opera in 1881 using carbon microphones and miniature earphones. Serious study didn't happen until the 1930's by Alan Blumlein in England and the people at Bell Labs in the U.S. The first commercial use of multi-channel sound was the Disney Studio's production of "Fantasia" in 1940. Unfortunately for theaters that invested in this later locked dual-system format, "Fantasia" was the only product released. Stereo was not considered commonplace until the 1950's when multi-channel motion picture recording was developed. The stereo LP was introduced in 1957.

Introduction

Stereo recording adds realism to your productions. Humans have two ears, so stereo sounds more natural than mono. In fact, most stereo miking setups grew out of attempts to approximate the positioning and functioning of our ears. Stereo recording is often done ambiently (mics placed at a distance from sound source). We don't like to instruments with our ears right up next to them. Close miking can result in a unnatural magnification of detail and tonal imbalances (unduly bright tones-violins, shrill voices-vowels, boominess-soundtrack gtr., drums). Stereo miking captures natural characteristics of an instrument better than close mono-miking. Does well, it conveys localization (left/right placement in a stereo field) and superior depth of field (sense of distance from the instruments). Also fuller, more accurate picture of the recording space's acoustic properties (reverberations, diffusers, etc.)

Localization

Human localization of sound source is determined by two parameters: Distance and Arrival Angle.

Distance: The perception of the distance of a sound source is determined by four variables.

a. **The perceived loudness:** Obviously the louder the sound, the closer it will be. However changing the loudness of a sound in a sound system will not give the impression of a changing distance unless the loudness change is accompanied by other important distance factors, such as,

b. **The ratio of direct-to-reflected sound.** This is more significant than the loudness. When a sound is future from nearby the listener will almost only hear the direct sound and hardly any reflections, because the direct path is so short and all the reflected paths are much longer. This means that the level of the reflections at the listener's position will be much lower than the level of the direct sound. The level of reflections of a sound arriving from a distance will be higher because there are (due much difference to path lengths, thus less difference in levels of the direct and reflected sounds. The higher the level of the reflected sound in comparison with the level of the direct sound, the more distance there in between the listener and the sound source. (Localizing a sound source like this is only valid in an environment where there are reflections).

c. **High Frequency Attenuation.** As a sound wave travels through the air, there is a gradual loss of high frequency information, caused by atmospheric absorption. The more distance there is between the source and the listener the more loss of high frequency information there will be. Simulating the loss of HF information can help to give a feeling of distance, but only when the listener knows how the sound should be heard when it is located close to them.

d. **Time Delay:** It takes some time for any sound to reach the listener. For example, the sound produced by a musician in the last row of an orchestra could arrive 20 ms or more later than the sound of a musician placed in the front row. So when the sound which arrives first is taken as a reference, one gets a sense of distance of the second source by the later arrival of its sound.

Arrival Angle. The angle of arrival can be divided into two dimensions: Horizontal: Left, right, front, back, Vertical: Above, to front and below

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file, many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: insi-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may obtain a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/bub-fax_trial.html*, inserting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

External Serial Modems

Almost without exception, external serial fax/modems will work with HylaFAX. External modems are nice because they generally have some type of display which indicates activity. This can be useful when troubleshooting. External modems use external power sources and cabling, so it is important that they be located where they are not likely to be bumped or jostled. Because the modem can be power-cycled independently, there is some risk of the modem "losing" its initialization and staying uninitialized if care is not taken to address that scenario (usually by "writing" the initialized state to be used by default after a reset). However, this also can be useful in that a hung modem may be power-cycled without rebooting the server. Unless you are using external modems on a multiport serial card (you're using the system board's built-in serial ports), and because HylaFAX's faxgetty continuously accesses the modem (unable to share the IRQ) you are generally limited to a combination of only two external serial or internal ISA fax/modems.

Internal ISA Hardware (Jumpered or PnP) Modems

As with external serial modems, internal ISA hardware fax/modems work with HylaFAX almost without exception. There need be no fear of power or data cables being jostled with internal modems. But there are no lighted displays, either, and power-cycling a hung one requires a system reboot. Because non-PnP hardware ISA modems use the same memory addresses and IRQs as external serial modems, the same limitation to only two applies. However, if your system supports Plug-n-Play, then ISA hardware PnP fax/modems will likely work as well. And these PnP modems may provide a means to go beyond that limitation. Be cautious when purchasing a new ISA modem since many new ISA modems are Windows-software-driven and do not have a hardware serial controller. Consequently it may not be able to be "spoken" to as noted above. US Robotics/3Com ISA Winmodems are a good example of what not to buy.

Updated 2011-04-04

For better or worse, I've been employed by the DOD since 2001 (probably should have started this up a long time ago). Many DOD Web sites use CAC authentication. A standard practice configuration tells us the default Access to make concerning overrides. The problem with that is the default browser is IE. If you're a normal user no problem, but if you're a developer you know IE is dysfunctional when it doesn't have tools like Firebug and Web Developer.

In most cases it's a two-step process:

1. Importing DoD Root Certificates
2. Adding an the CAC Reader driver

Import DoD Root Certificates

Go to the DOD Root CA Certificates page

Step 1: Open Firefox Menu:

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll-free number [illegible] prevent you from receiving a fax, including services such as call blocking, or caller ID privacy features [illegible].

NOTE: When you are troubleshooting a fax issue, it is a good practice to confirm Automatic Reports is set to Every Error before attempting a fax test. This way, even if the sent fax fails, a report will be generated that will guide your future troubleshooting. The option is located in different places in different products; consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to 1-888-HPFAXME (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you. The return fax confirms that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The return fax may take longer to arrive if [illegible] in the Fax Header on the machine [illegible] the fax number [illegible], the fax header contains both [illegible] telephone number of the fax machine, including the area code.

For more information on enabling [illegible], click **Contact HP** at the top of this page.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

While we have done our best to prescreen these contractors, please do your diligence and ask them references, experience with type of similar scope, etc. before contracting with any contractors. We would also suggest that you get a

thorough proposal, in writing, before starting work. It should spell out job specifics, products to be used, warranty, payment terms, and any other issues that you deem appropriate. It is the customer's responsibility to determine, before hiring any contractor, whether the contractor carries liability and workman's compensation insurance in adequate amounts and strategy's for the customer's project.

Please contact Contractor Select if an EP Henry Authorized Hardscapes Contractor® does not return your phone call or e-mail within three (3) business days. (Please give any contractor the full three (3) business day period before calling us!)

These job referrals and our Authorized Contractor's prompt responses are extremely important to us. In order to provide you with the best possible job and overall customer consultation, please notify us if you have not been in our biz with at least one of our recommended contractors within 7 business days of receipt of this notice. We can at that time refer your job to other pre-screened Authorized Contractors in your area to help you get the job started. Please do not hesitate to contact the above contractors at your convenience.

Dare to be Different!

Let EP Henry's 2011 Land Escapes inspire you with creative ideas, guide you with helpful tips, and show you how to become a style maker in your neighborhood.

Windows® Fax and Scan

[illegible]

[illegible]

FAX. You can send and receive faxes on your computer without using a fax machine. You can also print, e-mail, or save a copy of your fax.

[illegible]

Connect a phone line to your computer.

If you already have an external modem connected to a phone line, the modem and fax can share the same line. If you don't have a modem, you can connect a phone line directly to your computer.

Choose how you want to receive faxes.

Follow the instructions in the Fax Setup wizard to configure fax settings, such as when you want to receive faxes.

Learn how to send a fax by opening Windows Fax and Scan, and then clicking Help on the toolbar. Open the Help to learn how to receive faxes.

SCANNING. You add a scanner to your computer the same way you add a printer. Before you begin, read the instructions that came with your scanner to see if you need to install any software first.

Try it now!

Connect your scanner to your computer, and then follow the instructions that came with your scanner to set it up.

Open Windows Fax and Scan, and then click Scan.

Follow the instructions in the scanning wizard.

Learn more about scanning documents and photos by opening Windows Fax and Scan and then clicking Help on the toolbar.

HP ePrint

Print from Anywhere

HP's free ePrint service provides an easy way to print from e-mail - anywhere and anytime. Simply attach a file to an e-mail, and send it to this printer's e-mail address. The attachment will print automatically on this printer. Supported attachment file types include .pdf, .jpg, .tiff, and Microsoft Office(R) documents.

NOTE: Attachments may print different from how they appear in the software program which created them, depending on the original fonts and layout options used.

Your Printer is Protected

To help prevent unauthorized e-mail, HP assigns a random e-mail address to your printer. Never publicize this address, and by default, does not respond to any sender. ePrint also provides industry-standard spam filtering and transforms e-mail and attachments in a print-only format to reduce the threat of a virus or other harmful content.

NOTE: The ePrint service does not filter e-mails based on content, so it cannot prevent objectionable or copyrighted material from reaching the printer.

HP Connected

Use the HP Connected Web Site

Use HP Connected Web site to set up increased security for ePrint, specify the e-mail addresses that are allowed to send e-mail to your printer, get Print Apps (if available for your product), and access other free services.

SUBCOMMITTEE REPORT ON THE *SCA HYGIENE v. FIRST QUALITY BABY PRODUCTS* SUBCOMMITTEE OF THE AMERICAN BAR ASSOCIATION SECTION OF INTELLECTUAL PROPERTY LAW PATENT LITIGATION COMMITTEE

This report and resolution addresses issues raised in *SCA Hygiene v. First Quality Baby Prods. First Quality Baby Prods., LLC*, Appeal No. 13-1564 ("*SCA Hygiene*"), which is pending before an en banc panel of the U.S. Court of Appeals for the Federal Circuit. In *SCA Hygiene*, the Court will decide whether *Petrella v. Metro-Goldwyn-Mayer*, 134 S. Ct. 1962 (2014), limits the availability of the laches defense for damages claims in the copyright context. If *SCA Hygiene* or another decision applies or otherwise affects the availability of laches to limit damages in patent infringement cases.

On December 30, 2014, the Federal Circuit in *SCA Hygiene* granted a petition for rehearing *en banc* to reconsider whether laches is available to bar a claim for damages sustained within the six-year look-back window for patent infringement claims, despite the Supreme Court's recent holding that six years is the limit for applying laches. The Court invited the parties to address two questions:

1. In Light of the Supreme Court's decision in *Petrella v. Metro-Goldwyn-Mayer*, 134 S. Ct. 1962, 1974 (2014) (finding, in a case addressing the laches defense in copyright infringement cases, that "courts may not employ laches to bar damages and injunctive relief recovered within the three-year statutory limitations period"), should this court's decision in *A.C. Aukerman Co. v. R.L. Chaides Constr. Co.*, 960 F.2d 1020 (Fed. Cir. 1992) be overruled, to the extent that the defense of laches is never applicable to bar a claim for damages based on patent infringement occurring within the six-year damages limitation period established by 35 U.S.C. § 286?

2. In Light of the fact that there is no statute of limitations for actions for infringement of patents, and in view of Supreme Court precedent stating that the defense of laches may be available to bar an entire claim, even a claim for equitable relief, see, e.g., *Lane & Bodley Co. v. Locke*, 150 U.S. 193, 201 (1893),

Type: **Party**

Notice that the letters are very small. The size of the letters is called the **font size**. Use the **Backspace** key (upper right corner of the keyboard) to erase what you typed

8 Set the font size

In the **Format Bar** (above the Ruler), is the number **10**. That's the font size. Click the **arrow to the right of the number 10** and you'll see a drop down menu of numbers. Click **12**. You should now have 12 next to the arrow. You've changed the **font size** for the letters you type from 10 (quite small) to 12.

Now type **Party** and then press the **Enter** key twice. Use the Enter key to start a new paragraph.

9 Copy information from the Web into your document

To learn the things you can do with WordPad, you need some words to work with. Rather than spending time typing, let's get some words from the Internet. **Minimize WordPad** by clicking the dash in the Title Bar.

Open **Internet Explorer** by double-clicking the icon for Internet Explorer on your Desktop, or click once on the program's icon and then press **Enter**, or click the **Start** button on the Taskbar in the bottom left corner of the screen, then click **Programs**, and then click **Internet Explorer**

In the **Address** text area, type **www.rtpnet.org/hallman/party.html** and then press the **Enter** key (on the keyboard on the right, half way down)

You should see a flyer for a party. Now we will copy and paste those words into your WordPad document

10 Copy and paste

a. On the **Menu Bar**, click **Edit**, and then click **Select All**. Notice that all the words in the page are **highlighted** or **selected**.
b. On the **Menu Bar**, click **Edit** again, and then click **Copy**
c. On the **Taskbar** at the bottom of the computer screen, click **Document**, to make WordPad active. Notice where the Insertion Point is — the blinking vertical bar. That's where the words will go.
d. On the WordPad **Menu Bar**, click **Edit** and then **Paste**

You now have copied information from a Web page and pasted it into your WordPad document

11. Moving the insertion point

Where is the **insertion point**, the flashing vertical bar?

Move the mouse pointer, an **I-beam**, around in the WordPad window. Place the mouse pointer in

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it. Just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1 888 877 1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Fax — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Hello!

This is a sample fax file which is being sent to you as per your request via the Interpage FreeFax(sm) Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxToEmail(sm) service with as-low-as per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: fax-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notice: Due to the misuse of the FreeFax service, interpage will no longer receive free requests for demonstration messages. Only 1 request from a single user will be honored. You may still obtain a trial account for evaluation purposes by filling out the form at: http://www.interpage.net/fax/free-trial.html, qualifying by billing information. Also by indicating a valid e-mail address and subscribing to interpage's free "News Alert" (E-Mail) service.

2. This facility is a valuable tool for all of those sent by a visitor to interpage's web site. It is in valid your check of the number of pages sent of this fax. As this visitor may not receive a call or a fax from us, please let us know. However, if you find that you are receiving "more" or "unwanted" faxes, please call us at (510) 315-2750 and let us know. Thank you for your interest in interpage's services.

Act of Contrition

O my God, I am heartily sorry for having offended you, and I detest all my sins, because of Your just punishments, but most of all because they offend You, my God, who are all-good and deserving of all my love. I firmly resolve, with the help of Your grace, to sin no more and to avoid the near occasion of sin.

NOTES

The Base Cost shown includes estimates for the cost of materials. NSL labor and total sum on completion of all work and only bills for material used. Actual costs may accordingly differ for individual items from those estimates provided here. Please take this note to mind for 30 days from 07/27/2012

[2] Any rebate/subsidy may not include the "Air Sealing" category listed in the costs. Interested they have paid for your steps of work" above. This is because there may be some air sealing that comes with will improve the overall performance of your home, but which not subsidies do not make fully rebate-able

All estimated are estimated as accurately as possible based on information available to us, but actual amounts may differ from the amounts provided above. (2.00 of the available $1,000 has already been used in the past 12 months)

2 PROPOSED START DATE AND COMPLETION SCHEDULE

The following work schedule will be adhered to, subject to the availability of subcontractors or materials or to delays attributable to the weather or other circumstances beyond NSL's control.

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Does your voicemail suit you?

Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even mail you and play the received message at one or more telephone numbers! Visit interpage.net/voicemail for details

Multiply the value of your old pager!

Like having a pager but need to receive messages on your cell phone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's CleverPage service. Visit interpage.net/direct for details.

Know for sure that urgent alerts are received!

OutVoice text-to-speech and WAV file telephone dialout/broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit: interpage.net/outvoice

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax™ Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file;
many other file types are supported

If you have any questions regarding Interpage's OutFax™ Service, including the FaxUnlimited™ service with no per-use or per-minute charges, please feel free to contact us at:

Phone: +1 (650) 331-3900 9AM to 5:30 PM M-F Pacific Time
E-Mail: intl-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest in Interpage!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by an Interpage terminal, clearly indicating a valid e-mail address and account telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is as an offer. It was sent by a visitor to Interpage's website who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Employer identification number
___ ___ - ___ ___ ___ ___ ___ ___ ___

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

'Ray Of Light'

[Verse:]
Zephyr in the sky at night I wonder
Do my tears of mourning sink beneath the sea
She's got herself a universe gone quickly
For the call of thunder threatens everyone

[Chorus:]

And I feel like I just got home
And I see
And I feel like I just got home
And I feel

Faster than the speed of light she's flying
Trying to remember where it all began
She's got herself a little piece of heaven
Waiting for the time when Earth shall be as one

[chorus]

Quicker than a ray of light
Quicker than a ray of light
Quicker than a ray of light

[verse]

And I feel
Quicker than a ray of light
Then gone for
Someone else shall be there
Through the endless years

She's got herself a universe
She's got herself a universe
She's got herself a universe

And I feel
And I feel
And I feel like I just got home
And I feel

Quicker than a ray of light she's flying

QUEEN PALM CARE GUIDE

Easy as 1-2-3

Queen Palms are some of the most beautiful and most popular palms grown here in the desert. If given proper care, they will always be as green and full as when purchased.

1. WATERING

Proper, quality, efficient water is the most important ingredient for the well being of Queen Palms here in the desert. Queen Palms are tropical type palms, native to moist, wetter areas of the world. They can handle the extremes of our desert temperatures, but do hate mess water than nature provides. For most palms that don't appear healthy, lack of properly applied water sometimes with nutrient deficiencies is usually the cause. A good rule of thumb is that it's practically impossible to over water a Queen Palms, especially during the intense heat of summer months!

When applying water, wicker is better! As a Queen Palm matures, it's roots spread wide, but not much deeper than 18 to 24 inches. So make sure that as your tree grows to apply the water wider every year. A good rule of thumb for how to water an area at least 6 to 8 times on side as the trunk diameter.

How often to water depends on many variables including current temperatures, soil conditions and recent rainfall (or lack of). To keep a good, healthy level of moisture for Queen Palms, basic watering guidelines are as follows:

Season / Temp Range	Watering (per week)
Summer / Above 100°	4 to 5 times per week
Fall / 85° to 100°	2 to 3 times per week
Winter / Below 85°	1 to 2 times per week
Spring / 85° to 100°	2 to 3 times per week

NOTE: These are guidelines. Adjustment may need to be made. Example: right after planting, then each successive two weeks per week. Some soils and especially those that are well. Every new addition or applied water.

2. FERTILIZING

Keeping Queen palms healthy has never been this easy!

Don't fall for expensive injections or spikes that many times do more harm than good. We've taken the guesswork out of feeding Queen Palms. Our Super Palm Juice® has all of the major & minor nutrients to keep palms green & healthy in an easy to use liquid format that reaches the roots FAST!

Super Palm Juice is great for all varieties of palms and is an absolute must for Queen Palms!

3. TRIMMING

Only remove fronds if at hang downward (below horizontal). Simply cut them about 2" 3" from trunk, using a cut that is parallel to the trunk. During Summer months, it's common to get some brown tips. It's ok to just trim off the brown and leave the green portion of the frond. Trimming is usually only necessary once or twice a year.

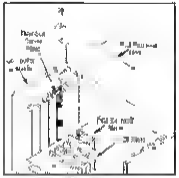
Still working

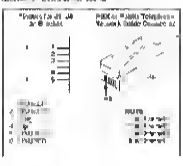
Now?



5. Reinstall the valve cover.
6. Replace the oil filler cap and the dipstick if removed.
7. Install the air cleaner assembly.
8. Start the engine and check for leaks.

E. Connecting to External Equip ment

Before connecting any new devices to the ECM, it is important to understand the electrical characteristics of the circuits you intend to connect. Improper connections can damage the ECM or cause erratic operation. Always consult the wiring diagram for the specific ECM pinout and verify signal types, voltages, and current limits before making any connections.



7. After Inserting the Board

The Dell PowerEdge T350 chassis has a set of jumpers on the system board that control basic hardware behavior. Before installing a new board, check the jumper settings on the old board and make sure the new board is configured the same way. Incorrect jumper settings can prevent the system from booting or cause intermittent problems that are difficult to diagnose.

Refer to the system board jumper diagram in the service manual for the location of each jumper block. The password jumper, NVRAM_CLR jumper, and RTC_RST jumper are the most commonly adjusted. Do not change the configuration jumper unless you are specifically instructed to do so by a support engineer.

8. Removing the Board

Before removing the system board, make sure you have a complete backup of the system configuration. Export the iDRAC settings, note the BIOS boot order, and record any custom BIOS settings that you have applied. Once the board is removed, these settings will be lost.

1. Power off the system and disconnect all external cables.
2. Remove the system cover and the air shroud.
3. Disconnect all power cables from the system board.
4. Remove the riser cards and any installed expansion cards.
5. Disconnect the front panel cable, the USB cable, and the VGA cable.
6. Remove the screws that secure the system board to the chassis.
7. Lift the system board straight up and out of the chassis, taking care not to bend any pins.

9. Wire Assembly and Return Information

Warranty Period

The specific warranty information for this board value for the Dell PowerEdge T350 tower server is provided at the time of purchase and is also available on the Dell support website.

Contacting Technical Support

If you encounter issues during the installation or operation of this board, contact Dell technical support. Have your service tag number ready before you call, as this will help the support technician identify your exact system configuration and provide faster assistance.

Replace the metal shield and secure it with the screws you removed earlier. Make sure the shield is seated properly and that all screws are tightened to the specified torque value. Loose screws can cause vibration and may damage the board over time.

Returning Defective

If the board is found to be defective during testing, it must be returned to Dell for repair or replacement. Do not return the board without first obtaining a Return Merchandise Authorization (RMA) number from Dell support.

10. Sales Assistance

If you are a sales representative, your customer may have questions about the board before purchasing. Be prepared to explain the key features, such as the number of memory slots, the supported processor types, and the available expansion slots. Refer to the product brief for a quick summary of these points.

The Rainbow Bridge

There is a bridge connecting Heaven and Earth, a space and place in time known as Rainbow Bridge. They say

Just this side is a land of green meadows, rolling hills and valleys covered with lush grass and beautiful flowers.

And it's here that all creatures big and small come to play when their days are done. At Rainbow Bridge, even the old and frail are young again. They say

Then one day, from out of the blue, an animal will break away from the pack. Ears perked, tails wagging, nose twitching.

You have seen and been seen. You take your pal in your arms and embrace. Your face is kissed again and again and you look once more into the eyes of your trusting pet.

Then the two of you cross Rainbow Bridge together, never again to be separated. They say

Mobile Shredder

Westchester is taking a stand against identity theft. The county is providing a paper shredder truck to help residents destroy unwanted personal papers and documents with personal identifying information. Watch the Mobile Shredder in action.

The Mobile Shredder's free services are for residents only. Businesses, schools and institutions should contact professional shredding companies for shredding services.

The county's Mobile Shredder will be at all Household Recycling Days. In addition, it is available at Mobile Shredder events for local communities. Check out the 2008 recycling schedule to see when the truck will be in a location convenient to you. Contact your local municipality if you would like to have the Mobile Shredder come to your neighborhood. Municipal departments and non-profit organizations who want to schedule a "shred-a thon" should call 211, the county's Recycling Office.

One of the best ways to minimize the risk of identity theft is to shred documents you're no longer using, like old documents and bills, that bear personal identifying information such as name, address, phone number, credit card number or social security number. Such documents should be shredded before they are thrown out for recycling.

Among the documents that should be shredded before disposal are:

- junk mail
- old utility bills
- driver licenses
- expired credit cards and receipts
- old tax returns or any other documents containing your name, address and other identifying information
- pre-approved credit card applications

Papers from businesses, schools, institutions, government offices or commercial enterprises will not be accepted. County staff will inspect all paper to be shredded and will reject any paper identified as commercial or institutional. As the service is gaining in popularity, residents should be prepared to wait as lines are sometimes long.

However, the wait doesn't have to be that long. Come prepared. This means you've removed all metal clips, fasteners, binders, folders and hard covers and placed the papers loosely in a box. Hard covers – cardboard or plastic covers on items such as ledger books, marble composition books and hard-cover books – cannot be shredded and will be turned away. Residents must rip pages out from hard cover books for shredding and throw the covers in their regular household trash. Up to four boxes of

- all applicable receipts including an itemized breakdown of the fees incurred.

Failure to provide complete information may result in:

- denial of your claim
- Your having to submit a new claim with all required details.

Claim forms are available online at www.aspcapetinsurance.com or you may request one by calling 1-866-204-6764.

To make a claim, You or an authorized representative from Your Veterinarian's office fills in the claim form. Forward the form together with the itemized invoices for the costs involved. You can submit those by email to: claims@aspcapetinsurance.com, by fax to 1-866-888-2495 or by mail to Claims Department 3840 Greentree Avenue SW Canton, OH 44706.

You must submit Your claim within 180 days from the date of service.

5.2 Other Claim Procedures

When You submit a claim, You authorize Us and/or Administrator to request all medical information that We need to assess Your Pet's health. For example: We may ask you for the name and contact information of any Veterinarian that has ever seen or treated Your Pet.

You must also provide proof of ownership for Your Pet when We request.

If You choose, Your Veterinarian can file out a claim on Your behalf. If You do indicate on Your claim form, We can pay the Veterinarian directly.

Payment of our claim is not a guarantee that We will pay additional claims.

5.3 Our Rights

If We make a claim contrary to this policy's terms and conditions, that payment does not waive Our rights to apply those terms and conditions to any past or any future claim. We also have the right to recover from You any claim incorrectly paid.

6. RESOLVE A DISPUTE

If You want to dispute a settled claim or other action, follow the steps below.

Step One: Read this policy carefully.

Step Two: To discuss Your question or dispute, contact the Customer Satisfaction Department during regular business hours at 1-866-204-6764 or cservice@aspcapetinsurance.com.

Step Three: If Your question or dispute is not resolved in steps one and two, You must submit an appeal request in writing. In Your written appeal request, please include:

- reason for Your dispute
- claim numbers, medical records and supporting documentation if Your dispute involves a claim
- other pertinent information that supports Your position

You will receive a written decision from the Appeals Resolution Team within 30 days from the date all information necessary to investigate and review Your Appeal is received.

TURKEY GUMBO

2 Bags of frozen okra (one bag if you don't have much turkey)
2 onions chopped
1 can of diced rotel tomatoes
1 can chicken broth (2 cans if necessary) *(Use at least - maybe more)*
1 lb of smoked sausage (Cook in microwave & drain)

LEFTOVER TURKEY

Thaw Okra in microwave. After thawed, place okra in big pot with a little water and cook about 10 minutes. Then add a tablespoon or so of vinegar, this will take the gooey out of the okra. Not too much vinegar. Then add onions, and rotel. Cook for a while. Add a little more water. Then add chicken broth. Cook a little while longer. Okra should start to be tender. Add a little more water. At least a cup at a time. I just don't know how much. Depending on the amount of turkey you have. I would estimate at least 4 to 6 cups of water. Add the smoked sausage. Cook a while at least 45 to 60 minutes on a little above simmer. You want it bubbling, but not boiling. Taste. If it doesn't have much taste, add more chicken broth, you may want to add a little file (pronounced fee-jay). Also taste for seasonings. Don't add turkey until the gumbo is starting to taste like gumbo.

I guess the secret is taste. When you feel like it tastes good it's done. I cook at least 1 ½ to 2 ½ hours. Do not add the turkey too soon,** because it will break up and get stringy. After the gumbo is cooked let it stand a while in pot so turkey can absorb the juice.

I know this is not very much help, but I swear I do not keep track of anything while I'm making it. It is done by taste only. Add as much salt & pepper as you like. Remember the chicken broth adds a lot of salt.

You have to judge how juicy you want it. You may need more or less water, your call.

Put turkey in after cooking at least an hour or hour and a half. You want to have turkey in gumbo at least 30-45 minutes. You just have to judge this yourself. Do not stir too much after turkey is added.

of the 23 goals her team has made this year. Amanda has gotten 14 of them! Way to go Amanda!

FOOTBALL

In the past 4 games our boys have really given it all they have to try and get the win. Our boys have only lost 2 games. We lost the games between Lopez Island and Selkirk.

The Lopez game was really good. In the 1st quarter we didn't get any runs. In the 2nd quarter Cameron Peters got a 2 yd run getting us a touchdown. In the 3rd quarter Korey Gould got a 6 yd run and Connor Smith got the extra points. Korey Gould got a 28 yd run getting another touchdown then Cameron Peters passed it to Thiago Tamm who was in the end zone getting us extra points. The final score for that game was Mansfield 22 Lopez 60. Coach Bayless said, "We were a bit overwhelmed at first, but found ourselves eventually. We made the defensive adjustments, but eventually ran out of steam."

The Selkirk game was also very good. We lost but we played really well. In the 1st quarter we had no points. In the 2nd quarter we also had no points. In the 3rd quarter we had got 6 points. Cameron Peters had a 1 yd run to get the touchdown. Then Cameron Peters passed to Judah Sherwood to get some extra points. The final score was Mansfield 6 and Selkirk 42. Coach Bayless said "I'm proud of our kids for finishing strong and not giving up, especially when things were just not going our way."

The ACH game was one of our best games yet. In the 1st quarter Cameron Peters passed to Judah Sherwood for a 15yd touchdown. In the 2nd quarter Korey Gould passed to Connor Smith for a 75 yd run. Cameron Peters passed to Judah Sherwood for a 25 yd pass. Macen McLean got a 5 yd run to the end zone. Connor Smith got the extra points. In the 3rd quarter Connor Smith got 6 yd run to the end zone. Cameron Peters got a 1 yd run. We tried a kick for the extra points, but the kick failed. Korey Gould got a 95 yd run. The final score for that game was Mansfield 48, ACH IV 0. Coach Bayless said "Our kids played well and were able to capitalize on several ACH turnovers."

The most racent game we played was on 10/12/09. We played Hunters at Hunters. In the 1st quarter Cameron Peters passed to Macen McLean for a 15 yds touchdown. Connor Smith got the extra points. In the 2nd quarter, Connor Smith got

A Mafia Godfather finds out that his bookkeeper, Guido, has cheated him out of $10,000,000.00. His bookkeeper is deaf. That was the reason he got the job in the first place. It was assumed that Guido would hear nothing and would therefore never have to testify in court.

When the Godfather goes to confrinont Guido about the missing $10 million, he takes along his lawyer, who knows sign language.

The Godfather tells the lawyer, "Ask him where the money is."

The lawyer, using sign language, asks Guido, Where's the money?

Guido signs back, "I don't know what you are talking about."

The lawyer tells the Godfather, "He says he doesn't know what you are talking about." The Godfather pulls out a pistol, puts it to Guido's head and says, "Ask him again or I'll kill him!"

The lawyer signs to Guido, "He'll kill you if you don't tell him."

Guido trembles and signs back, "OK! You win! The money is in a brown briefcase, buried behind the shed at my cousin Bruno's house."

The Godfather asks the lawyer, "What did he say?"

The lawyer replies, "He says you don't have the balls to pull the trigger and you can go to hell."

ASUNTO: **VISITA UNIVERSIDADES DE ESTADOS UNIDOS**
PROGRAMAS GRADUADOS

Me gustaría nuevamente tener la oportunidad de visita su campus el

27 SEPTIEMBRE 2011 @10:00 am – 12:00 pm

La ultima vez la visita fue muy productiva para varios estudiantes, ya que se matricularon en universidades participantes

La meta es de poder compartir un tiempo con ustedes antes del receso para ofrecerles información relacionado con **Carreras Graduadas en Ciencias Leyes, Educación Administración Internacional Psiiatra, Psicología, Enfermería Doctoral & MSN**

En adjunto le envió lista preliminar de universidades confirmadas para estar en Puerto Rico durante 27 28 de septiembre Al igual que ya estamos sumamente interesados en visitar su campus

Muchas gracias por su anticipada cooperación.

Sometimes truth really is stranger than fiction

The Arizona Cardinals and Seattle Seahawks combined for four field goals during Sunday night's 6-6 tie but the NFC West showdown was more about the missed kicks than the makes

Arizona's Chandler Catanzaro had the chance to win the game with a 24-yard field goal in overtime but missed it. Seattle then marched down the field and gave Steven Hauschka a 28-yard attempt to win it but he shanked his chip shot. Naturally the game that featured zero touchdowns 16 accepted penalties, 15 punts and excruciatingly poor kicks ended in a tie

Bleacher Report and ESPN's Scott Van Pelt effectively summarized things

The Golden State Warriors expect to do great things this year which means extra criticism could come at every turn When this happens at the expense of a teammate Stephen Curry is ready to defend him

The two time MVP responded to an Oct 19 article written by ESPN.com's Ethan Sherwood Strauss, who highlighted possible chemistry issues regarding Draymond Green

"Honestly, none of that stuff (the negativity) has crept in " Curry said Sunday per Sam Amick of USA Today "We have to respond Obviously the article about Draymond we all thought it was ridiculous and kind of looking through a keyhole at somebody's life that you don't really know about."

While Strauss noted Green's positive contributions pointing out that some consider him to be the team's most important player he also explained how his antics on and off the court can be a problem for the team

"Throughout the season Green in the guise of motivation would berate his co-workers during games and practices on multiple occasions he had to be separated from teammates, Strauss wrote

Does your voicemail sell you?

In fact nearly 1 out of 3 voicemail will alert you to free and other calls from telemarketers. Don't let your voicemail system be interrupted by telemarketers calling you. Interpage is the only voicemail notification service that allows you to choose the individuals or groups that may contact you.

Multiply the value of your old pager!

Are you using a pager? Interpage is ready to recycle your old pager. Whether your old pager is a tone only, numeric or alpha/numeric, we have the perfect solution for you. Interpage will make your old pager work with our voicemail notification service. Interpage will also recycle your old pager for free. Environmentally correct!

Know for sure that urgent alerts are received!

Did you ever have a patient, family member or colleague who was trying to reach you urgently? Interpage's Emergency Response Service monitors your voicemail and automatically sends an alert to your pager when a message is left in your voicemail box. Interpage will also send you a confirmation that the message was received.

Hello!

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and then it for interesting.

You can fax something interesting to 1-888 -877 -1455 (your local weather police... maybe) or 1 503 200-1300 (ong if staying in Portland, Oregon) and before it appears here within a couple of minutes (it's a toll free number if you're in the USA.) Keep it clean if legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few inches of the page where your company name and fax number should appear, but make no promises that this will actually work.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing:

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Easy Pickled Banana Peppers Recipe

Posted By Pamela On August 1, 2011 @ 5:19 pm

Recipe: Easy Pickled Banana Peppers

Ingredients

- 2 Pounds Peppers
- 6 Cloves of Garlic (sliced in half lengthwise)
- 1 1/2 Cups Water
- 1 1/2 Cups White Vinegar
- 4 Teaspoons Salt

Instructions

1. Wash the peppers. cut off the tops and remove as many of the seeds as you can
2. Cut the peppers into rings of whatever thickness you prefer
3. Put the pepper rings and garlic pieces into a glass jar that has an air tight and when closed
4. In a medium size saucepan add the water, vinegar and salt. bring to a boil over medium high heat.
5. Remove from heat and pour over the top of the peppers and garlic
6. Use a knife to move peppers around to remove air bubbles and get the peppers and garlic submerged in the liquid.
7. Seal the jar and set aside overnight.
8. After 24 hours, refrigerate for up to 2 weeks.

Quick notes

You can add as much or little garlic as you like. Just remember the more you add the more garlic flavor the peppers will take on. The colors of the peppers will dull a bit after 24 hours. Don't panic. this is normal. Use a glass container for pickled products. This helps to keep the flavors true.

Variations

You could also add other seasonings like black peppercorns.

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr** (born November 14, 1947) an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and His Ils Sont Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says, "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down-home and high-powered celebration, meaty and muscular with a fine-tuned sense of dynamics —propulsive rhythms, incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN*, *The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to *Every Error* before attempting a test fax. This way, even if the sent fax is a success, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 3-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the faxing phone, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

APPLYING AT THE MARKETPLACE
(Affordable Care Act)

PRESENTACIÓN DE UNA SOLICITUD EN EL MARKETPLACE
(Ley de atención asequible)

MAP-34B (E-S) 10/30/2013

Dear Consumer:

Please be advised that public health insurance rules have changed. Effective January 1, 2014, most consumers who are seeking Medicaid coverage are now required to apply through the Marketplace. While there are exceptions, the Medical Assistance Program will primarily only be able to continue to accept direct applications from consumers who are either age 65 or over or who are disabled or blind.

Marketplace applications can be submitted:

- Online at https://nystateofhealth.ny.gov/ or
- By phone by calling 855-355-5777.

Assistance in completing your application may be obtained by visiting a Certified Applications Counselor (CAC) at a select Medical Assistance Program Office, or at the offices of an external Navigator or participating Managed Care Plan. Please see MAP-58u, **List of MA Offices, CACs, Navigators and MC Plans** for a listing of locations from which you may choose.

Estimado consumidor:

Le informamos que las normas de los seguros médicos públicos se han modificado. A partir del 1 de enero de 2014, la mayoría de los consumidores que desean obtener cobertura de Medicaid ahora deben solicitarla a través de Marketplace. Si bien hay algunas excepciones, Medical Assistance Program principalmente sólo podrá continuar aceptando solicitudes directas de consumidores que sean mayores de 65 años o que tengan una discapacidad o sean ciegos.

Las solicitudes a Marketplace se pueden presentar:

- En línea, en https://nystateofhealth.ny.gov/ o
- Por teléfono, llamando al 855-355-5777.

Puede obtener ayuda para completar su solicitud visitando al Asesor de solicitudes certificado (Certified Applications Counselor (CAC)) en una Oficina de Medical Assistance Program señalado o en las oficinas de un externo Navigatore o Plans de Atención Controlada participantes. Consulte MAP-58U, **List of MA Offices, CACs, Navigators and MC Plans** para ver una lista de los lugares entre los cuales puede elegir.

Quick Jokes

Two Aerials meet on a roof - fall in love - get married. The ceremony was rubbish but the Reception was Brilliant

Man goes to the doctor with a strawberry growing out of his head
Doctor says "I'll give you some cream to put on it.

"A man says to the Doc, I can't stop singing the Green Green Grass of Home." "That sounds like Tom Jones syndrome
Is it common?" "It's Not Unusual"

A guy walks into the psychiatrist wearing only cling film for shorts
The shrink says, "Well I can clearly see you're a nutter."

"So I rang up my local swimming baths. I said "Is that the local swimming baths?" He said "It depends where you're calling from."

Two cannibals eating a clown. One says to the other "Does this taste funny to you?"

Police arrested two kids yesterday, one was drinking battery acid, the other was eating fireworks.
They charged one and let the other one off.

I went to buy some camouflage trousers the other day but I couldn't find any

How many men does it take to open a beer? None. It should be opened by the time she brings it.

Why is a Laundromat a really bad place to pick up a woman? Because a woman who can't even afford a washing machine will probably never be able to support you

Why do women have smaller feet than men? It's one of those "evolutionary things" that allows them to stand closer to the kitchen sink.

How do you know when a woman is about to say something smart?
When she starts her sentence with "A man once told me..."

How do you fit a woman's watch? You don't. There is a clock on the oven

What's worse than a Chernobyl Pig? A woman that won't do what she's told

I married Miss Right. I just didn't know her first name was Always.

I haven't spoken to my wife for 18 months. I don't like to interrupt her

What do you call a woman who has lost 95% of her intelligence? Divorced

Scientists have discovered a food that diminishes a woman's sex drive by 90%. It's called a Wedding Cake.

Son: "Is it true that in some parts of Africa a man doesn't know his wife until he marries her?" Dad: "That happens in every country, son."

Women will never be equal to men until they can walk down the street with a bald head and a beer gut and still think they are beautiful.

If you have worked methodically through these first chapters and have thoroughly practiced the techniques described it is now time to learn proper musical notation You will find few technical problems in the next chapters and can therefore concentrate fully on learning the various symbols used and understanding their meanings If you still feel uncertain about any of the techniques, go back to first principles—you may have missed a sentence which will solve the whole problem Remember that hand positions and habits learned at this stage will be difficult to unlearn later so now is the time for scrupulous checking and revision

Scope of Practice
Approved by
State Board of Emergency Medical, Fire and Transportation Services
Division of EMS, Ohio Department of Public Safety

This document offers an "at-a-glance" view of the Scope of Practice for Emergency Medical Responders (EMR), Emergency Medical Technicians (EMT) Advanced Emergency Medical Technicians (AEMT) and Paramedics as approved by the State Board of Emergency Medical Fire and Transportation Services (EMFTS Board) The authorized services can be found in sections 4765.35 (FR/EMP), 4765.37 (EMT-B/EMT) 4765 38 (EMT-I/AEMT) and 4765.39 (EMT P/Paramedic) of the Revised Code. The scopes of practice can be found in rules 4765-12-04 (EMR) 4765 15-04 (EMT) 4765-16-04 (AEMT) and 4765-17-03 (Paramedic) of the Administrative Code

Performance of services outlined in this document and in the aforementioned code sections, shall only be performed if the EMR, EMT, AEMT, and Paramedic have received training as part of an initial certification course or through subsequent training approved by the EMFTS Board If specific training has not been specified by the EMFTS Board the EMR, EMT, AEMT, and Paramedic must have received training regarding such services approved by the local medical director before performing those services.

In accordance with rule 4765-10-06 of the Administrative Code, the individual medical director of each EMS agency may limit or ask that providers obtain medical control approval for certain treatments. Each community may need to tailor and revise the protocol to fit their region and individual practice, but must ensure that they remain within the approved scope of practice. EMS medical directors are reminded that they are not permitted to expand the scope of practice for EMS providers, but may provide clarifications or limitations on services that are permitted

EMS medical directors and EMS providers are strongly encouraged to review the EMFTS Board's policy statement "Regarding EMS Provider Pre-Hospital transport of Patients with Pre-Existing Medical Devices or Drug Administrations" dated October 2013 (attached to this document, page 7) This statement clarifies how EMS providers, in the prehospital setting, should deal with medical devices and medicine administrations that are outside their scope of practice

Pursuant to rule 4765-6-04 of the Administrative Code, the EMFTS Board may allow EMRs, EMTs, AEMTs, and Paramedics to perform services beyond their respective scopes of practices as part of a board-approved research study An entity must submit a research proposal to the EMFTS Board in accordance with the requirements of rule 4765-6-04 of the Administrative Code The EMFTS Board is not obligated to approve the proposed research study nor accept any recommendation to permanently amend the scope of practice.

GREENVILLE TECHNICAL COLLEGE

REFUND POLICY

Tuition is refundable to students who officially drop or withdraw from classes prior to the deadlines indicated in the Refund Schedule. This information can be found in the Schedule of Classes booklet and on the website at www.gvltec.edu.

- For classes which are offered in an **academic term of 15 weeks** duration, the percentage of the refund is determined by the **starting date of the TERM**, the length of the term, and the date when the drop/withdrawal is processed.
- For classes which are offered in an **academic term of less than 15 weeks** duration, the percentage of the refund is determined by the **starting date, of the CLASS**, the length of the term and the date when the drop/withdrawal is processed.

This add/drop/withdrawal process is not complete until the appropriate paperwork is received and processed by either the Student Records Office, a Student Services Representative at a satellite campus, or by the end of the business day via WebAdvisor (the on-line student services attendant). **Saturdays, Sundays, and holidays are NOT considered to be business days.** Classes can be added or dropped on-line through WebAdvisor during the add/drop period, but withdrawals cannot be processed on-line. *All withdrawals must be processed by the Office of Student Records or by a Student Services Representative at a satellite campus. Add, drop and withdrawal deadlines are strictly enforced.*

Once registered, a student is responsible for all tuition and fee charges and will be billed in full unless the class or classes are officially dropped or withdrawn as detailed in the Refund Schedule. Refund checks are processed by the Business Office and will be mailed to the student's address of record or to the appropriate sponsoring agency. The College may withhold refunds if the student has an outstanding financial obligation to the College.

If a student is signed up for classes before the purge date, but does not pay for tuition by that date, his/her classes may be automatically deleted from the system. **However, the purge system does NOT guarantee class classes will be deleted.** It is the student responsibility to complete the appropriate paperwork if he/she decides not to from the class(es)

Refund Schedule

Any student who registers for a class but fails to attend, or attends only during the add/drop period, **MAY** be administratively withdrawn by faculty and receive a 50% refund. To receive a 100% refund, a student must officially drop the class before the end of the specified add/drop period for that class.

Refund Schedule for classes that run 15 weeks:

Drop class before start of TERM through 5th business day of term	100%
Withdraw from class 6th business day of term through 10th business day of term	50%
Withdraw from class 11th business day of term through 15th business day of term	25%
No refund after 15th business day of term	

Refund Schedule for classes that run 8 to 14 weeks:

Drop class before start of CLASS through 3rd business from start date	100%
Withdraw from class 4th through 5th business day from start date	50%
Withdraw from class 6th business day from class date	25%
No refund after 6th business day	

Refund Schedule for drops that run 1 to 7 weeks:

Drop class before start of CLASS through 2nd business day from start date	100%
Withdraw from class 3rd business day from start date	50%
Withdraw from class 4th business day from class date	25%
No refund after 4th business day	

All refund rates are calculated on the date when the add/drop/withdrawal transaction is completed.

Student class Technology fees are refundable only during the add/drop period.

EXPLANATION OF IMPORTANT TERMS

Add/Drop: The period of class at the beginning of each term when schedules can be adjusted without penalty. This length of the add drop period varies by class and is determined by the number of instructional weeks.

Drop: This action is valid when dropping a course before the end of the add/drop period. A drop class not appear on a transcript, does not count as an attempt on a class, and grants a 100% refund of tuition fees.

Withdrawal: This action becomes valid after the add/drop period expires. A withdrawal class appear on a transcript, counts as an attempt on the class, and charges before fees.

Administrative Withdrawal: A withdrawal action that is processed at the request of the instructor

CITY COUNCIL Mayor Brent Torcato | Mayor Pro Tem Gregory Salcido | Councilmembers Bob J. Archuleta | David W. Armenta | Gustavo V. Camacho

WATER CONSERVATION KEY TO DEALING WITH DROUGHT

Recent rain not enough to ease situation

Pico Rivera residents are being asked to join the City in conserving water wherever and whenever possible in response to the current statewide drought. Governor Brown has declared a drought State of Emergency, asking community's statewide to assist in efforts to cope with this unprecedented drought.

Water conservation has been a priority of the City for some time. Many landscaped medians in the community are planted with drought tolerant plants to reduce the need for watering. Drought tolerant plants were also included as part of the Pico Rivera Sports Park renovations completed two years. The use of reclaimed water to irrigate the grass at Smith Park, as well as the addition of flow to Boulevard II and her way the City's conserving and using water supplies.

City crews locally completed an inspection and drop of broken sprinkler heads in street medians throughout the community in an effort to eliminate water leaks and overspray.

How residents can help

There are a number of ways Pico Rivera residents can help conserve water. Doing full loads of laundry, instead of more frequent small loads, can save as much as 20 gallons of water per week. Finding and repairing plumbing leaks is a great water saver, as are taking shorter showers and turning off the water while you

Outside the home, water your lawn 1 or 2 days a week instead of the typical five. Check for and repair leaks or broken sprinkler heads. Planting drought tolerant landscaping can reduce water use even more. Check at a local nursery or hardware store for ideas on drought tolerant plants.

Outdoor watering restrictions are now in place for most water customers in Pico River... See the story on page 2 for details.

...e water conservation tips can be found on the City's website at www.pico-rivera.org. Click on Announcements/Programs on the Home Page. City drop down menu on the home page.

FIRST STEPS QUICK GUIDE

Suggested Packing List of Clothes & Items

1. Your child's clothing is laundered once a week. You should provide approximately 10 days worth of clothing and several days extra in the event that unusual circumstances such as rainy weather (Session 5 campers should adjust accordingly.)
2. Use this check off list as a guide. Adjustments should be made to provide for your child's individual interests and needs. Our washers and dryers are commercial machines. **Do Not send delicate or expensive clothing that cannot be sent to the camp laundry.**
3. Please use only duffel bags or soft suitcases. No hard trunks. (Limit two per camper.) Remember to **clearly** label the luggage with YOUR CHILD'S FULL NAME.
4. Some families choose to ship their child's luggage. Please contact **www.campshippers.com** who is our shipper. Alternatively, if you still choose to ship yourself, please make sure to put your child's name on the boxes.
5. Remember everyone needs to overpack - try not to.
6. International Campers: French Woods will provide you with linens, blankets, pillow and towels.
7. **All clothing, shoes, linens, equipment, electronics, instruments and cereals etc. should be labeled with the camper's FULL name. NO INTITALS.** Last summer there were 36 Olivia's and 26 Max's, 6 Isabella's whose last names began with the letter "S". **If you send your child an outfit in the mail after camp begins, be sure to label it!**

NOTE Campers should also bring items relative to their major areas of interest, e.g. musicians bring their instruments, tennis players bring their racquets, skateboarders bring their skate board etc. Anyone intending to be in a show should have a "dress" outfit with tie suit, black shoes, black socks, dress, etc (name label it)

Equestrians: For safety reasons we have three strict clothing rules. Riders are expected to wear long pants while riding (jeans are perfect). Smooth-soled shoes with heels are a must for fitting into the stirrups (no sneakers but runboots with heel are fine) If your child does not have a riding hat, we have an assortment of sizes for him/her to pick from and wear

ALSO Bring some white t-shirts, these are great for silkscreen, tie-dye and a million other uses at camp

REMEMBER, NO HARD TRUNKS

MEDICATION GUIDE

Gabapentin Capsules, USP

(gab" a pen' tin)

Read the Medication Guide before you start taking gabapentin capsules and each time you get a refill. There may be new information. This information does not take the place of talking to your healthcare provider about your medical condition or treatment.

What is the most important information I should know about gabapentin capsules?

Do not stop taking gabapentin capsules without first talking to your healthcare provider.

Stopping gabapentin capsules suddenly can cause serious problems.

Gabapentin capsules can cause serious side effects including:

1. Suicidal Thoughts. Like other antiepileptic drugs, gabapentin capsules may cause suicidal thoughts or actions in a very small number of people, about 1 in 500.

Call a healthcare provider right away if you have any of these symptoms, especially if they are new, worse, or worry you:

- thoughts about suicide or dying
- attempts to commit suicide
- new or worse depression
- new or worse anxiety
- feeling agitated or restless
- panic attacks
- trouble sleeping (insomnia)
- new or worse irritability
- acting aggressive, being angry, or violent
- acting on dangerous impulses
- an extreme increase in activity and talking (mania)
- other unusual changes in behavior or mood

How can I watch for early symptoms of suicidal thoughts and actions?

- Pay attention to any changes, especially sudden changes, in mood, behaviors, thoughts, or feelings.
- Keep all follow-up visits with your healthcare provider as scheduled.

Call your healthcare provider between visits as needed, especially if you are worried about symptoms.

Do not stop taking gabapentin capsules without first talking to a healthcare provider.

- Stopping gabapentin capsules suddenly can cause serious problems. Stopping a seizure medicine suddenly in a patient who has epilepsy can cause seizures that will not stop (status epilepticus).
- Suicidal thoughts or actions can be caused by things other than medicines. If you have suicidal thoughts or actions, your healthcare provider may check for other causes.

2. Changes in behavior and thinking. Using gabapentin capsules in children 3 to 12 years of age can cause emotional changes, aggressive behavior, problems with concentration, restlessness, changes in school performance, and hyperactivity.

Customer Needs

Complainant or Respondent Attorneys

The *Complainant* and the *Respondent* have the right to have an attorney, but it is not a requirement in any part of the MCHR investigation process. If the *Complainant* or *Respondent* hires an attorney the MCHR should receive a letter confirming their representation. All subsequent correspondence will then be sent directly to the *Complainant* or *Respondent* attorney.

Remedies For Discrimination

The Human Rights Act provides that remedies can be ordered when the MCHR finds, AFTER A PUBLIC HEARING, that a *Respondent* has engaged in an unlawful discriminatory practice. Such remedies include, BUT ARE NOT LIMITED TO, payment of backpay, hiring, reinstatement or promotion, the extension of full, equal and nonsegregated public accommodations, and payment of actual damages, including compensation for pain, suffering & deprivation of civil rights. The *Complainant* has an obligation under the law to mitigate their damages by continuing to seek work during any periods of unemployment.

Questions???

The MCHR staff is here to assist both parties while the complaint is in our process. Do not hesitate to seek clarification on any part of the complaint process. Some of the issues we deal with are complex and you might want additional information. Copies of the Missouri Human Rights Act and the MCHR's Rules and Regulations are available free of charge from our web site at www.labor.mo.gov/hr

Our Father, which art in heaven,
hallowed be thy name;
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

Sample Text
--- ----

In 1981, I have no idea why I started a series of oddball science fiction short stories.

I mean, every once in a while these people warped through my brain again, until, by 1988,

I'd done 5 of them. Then I stopped and again I have no idea why, they'd been fun to

write. All 5 were published in Playboy when I sent in the first one, Alica Turner, the

wonderful fiction editor there - one of the best, recently no longer there which is

Playboy's loss - said she'd buy the story if I would send her, in a plain wrapper,

whatever I'd been smoking or ingesting while writing it.

Herewith, "Don't You Know There's A War On?" the first of the starship Hopeful stories.

From the beginning of Time Man has been on the move, ever outward. First he spread over

his own planet, then cross the Solar System, then outward to the Galaxies, all of them

dotted, speckled, measled with the colonies of Man.

Then, one day in the year eleven thousand four hundred and six (11 406), an incredible

discovery was made in the Master Imperial Computer back on Earth. Nearly 500 years before,

a clerical error had erased from the computer's memory more than 1000 colonies, all in

Sector F-U-B-A-R-3.

For half a millennium, these colonies, young and struggling when last heard from, had had

no contact with the rest of Humanity. The Galactic Patrol Interstellar Ship Hopeful,

Captain Gregory Standforth commanding, was at once dispatched to reestablish contact with

the Thousand Lost Colonies and return them to the bosom of Mankind.

StringTokenizer

Although it is a part of the IO library, the **StringTokenizer** has sufficiently similar functionality to **StreamTokenizer** that it will be described here.

The **String itokenizer** returns the tokens within a string one at a time. These tokens are consecutive characters delimited by tabs, spaces and newlines. Thus, the tokens of the string "Where is my cat?" are "Where", "is", "my", and "cat?". Like the **StreamTokenizer**, you can tell the **StringTokenizer** to break up the input in any way that you want, but with **StringTokenizer** you do this by passing a second argument to the constructor, which is a String of the delimiters you wish to use. In general, if you need more sophistication, use a **StreamTokenizer**.

You ask a **String itokenizer** object for the next token in the string using the **nextToken( )** method, which either returns the token or an empty string to indicate that no tokens remain.

As an example, the following program performs a limited analysis of a sentence, looking for key phrase sequences to indicate whether happiness or sadness is implied:

```
//  Analyze0Sentence.java
// Look for particular sequences
// within sentences
import java.util.*

public class Analyze0Sentence {
  public static void main(String[] args) {
    analyze("I am happy about this");
    analyze("I am not happy about this");
    analyze("I am not! I am happy");
    analyze("I am sad about this");
    analyze("I am not sad about this");
    analyze("I am not! I am sad");
    analyze("Are you happy about this?");
    analyze("Are you sad about this?");
    analyze("It is you! I am happy");
    analyze("It is you! I am sad");
  }
  static StringTokenizer st;
  public void analyze(String s) {
    print("Input sentence: " + s);
    boolean sad = false;
    st = new StringTokenizer(s);
    while (st.hasMoreTokens()) {
      String token = next();
      // Look until you find one of the
      // two starting tokens:
      if(!token.equals("I") &&
         !token.equals("Are"))
        continue;  // Top of while loop
      if(token.equals("I")) {
        String tk2 = next();
        if(!tk2.equals("am")) // Must be after I
          break; // Out of while loop

BACK

Attached is a [illegible] cards in a [illegible] computation run yields density [illegible] corresponding to densitometer density. If the [illegible] used involves E.M.D. conversions, the density [illegible] through a separate conversion program [illegible] plotter. In any case, cards [illegible] punched, verify the average of the [illegible]

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case there would rarely be the average densities. If the test code calls for E.M.D. conversion, it would be the E.M.D. densities that are punched out. If the test breaks down, e.g. batching of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

۵. مسئله کاشی‌کاری. کاشی‌هایی داریم که هر یک مجاهایی شکل زیر از ۳ قطعه با اندازه ۱×۱ تشکیل شده‌اند.

یک کاشی

اتاقی مربعی شکل با ابعاد $n \times n$ داریم (n توانی از ۲ است) که می‌خواهیم کف آن را با چنین کاشی‌هایی بپوشانیم. در کف این اتاق خمره‌ای با ابعاد ۱×۱ وجود دارد که نسبت روی آن را با کاشی می‌پوشانیم. الگوریتمی به روش تقسیم و حل ارائه کنید که عدد n (ابعاد اتاق) و موقعیت خمره را گرفته و عمل کاشی‌کاری را انجام دهد. مرتبه زمانی الگوریتم را مشخص کنید. در شکل زیر اتاقی با ابعاد ۸×۸ نمایش داده شده (مربع سیاه نشان خمره را نمایش می دهد) و در تصویر بعد حاصل کاشی‌کاری آن دیده می‌شود.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord...so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur

The Security information(SSID/Network Key) is incorrect
Reconfirm the SSID and security information(Network Key)

    How to confirm wireless security information(SSID/authentication method/
  encryption method/Network Key)
    1) The default security settings may be provided on a label attached to
    the WLAN access point/router. Or the manufacturer's name or model name of
    the WLAN access point/router may be used as the default security settings.
    2) Refer the documentation provided with your WLAN access point/router for
    information on how to find the security settings.

    * If WLAN access point/router is set to not broadcast the SSID, the SSID
     will not automatically be detected. You will have to manually enter the
     SSID name.
    * The Network key may also be described as the Password, Security Key or
     Encryption Key.

If you do not know the SSID and wireless security settings of your WLAN access
point/router or how to change the configuration, see the documentation provided
with your WLAN access point/router, ask the manufacturer of your access
point/router or ask to your Internal provider or network administrator.

Welcome to Windows® Fax and Scan

Create and scan faxes, and scan documents and pictures

Faxing

Faxing You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To set up a fax account

1. Connect a phone line to your computer.

   If your computer has an external modem connected, also connect the modem. If not, connect the computer to a phone line.

2. Open the Windows Fax and Scan program.

3. In the folder list, click Inbox, and then, on the toolbar, click Tools, and then click Fax accounts. If you're prompted for an administrator password or confirmation, type the password or provide confirmation.

4. Click Add a new account, and then follow the instructions in the wizard.

For more information about setting up a modem, see the documentation that came with your modem, and then search Help and Support for the topic.

Scanning With your computer and software, you can convert text and pictures on paper into digital pictures that you can view, edit, and e-mail. Before you scan, make sure that your scanner is connected to your computer and that you've installed the software that came with your scanner. You can also fax or e-mail scanned files to someone else.

To scan a document

1. Connect your scanner to your computer, and follow the instructions that came with your scanner. Make sure you've placed the document or picture on the scanner.

2. In the folder list, click Inbox, and then, on the toolbar, click Scan.

3. Click the New Scan button.

4. Choose the scanner you want to use, and then click Add.

For more information about how to fax, e-mail, or save scanned documents, see the Help and Support topics. To open Help and Support, click the Help button on the toolbar.
